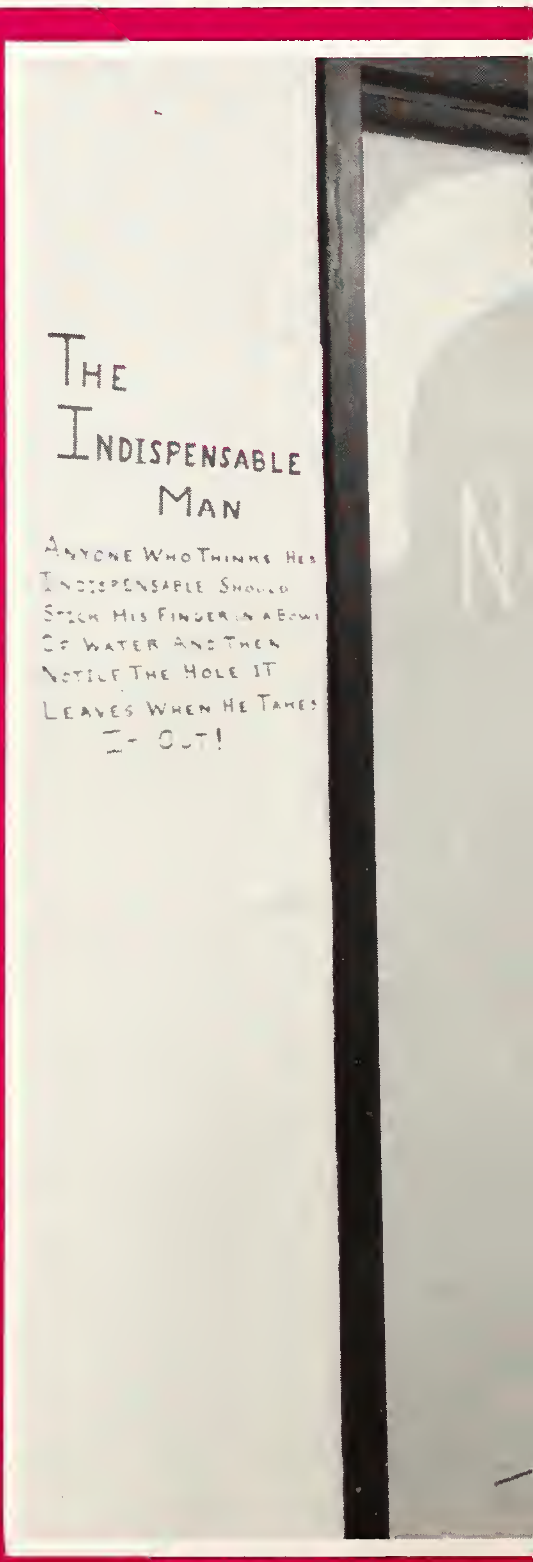
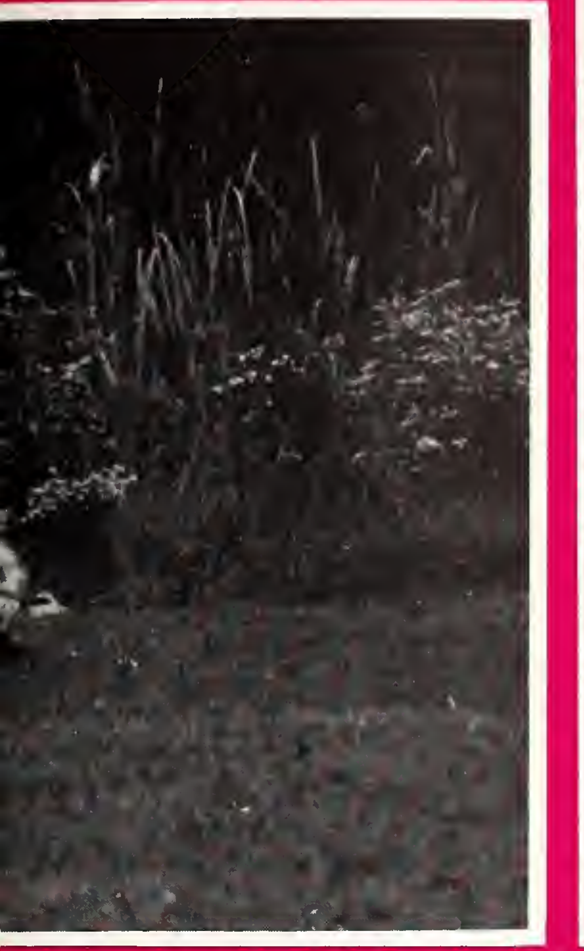
TRI-STATE COLLEGE
FOUNDED 1884

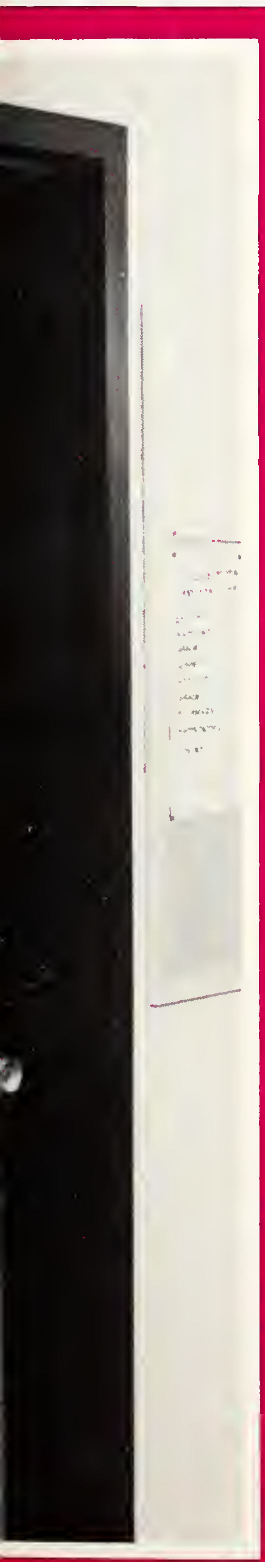
The human mind and its power to reason logically has been man's ticket to a better way of life since he appeared on earth. When he learned how to communicate his thoughts, he was able to advance to his present status at an incredible rate.

When man added freedom to these previously established advantages, he found that he could mold and adjust his environment, and other people, almost at will. However, things began to get complicated when one mans right to think and speak at will began to conflict with the same rights of others.

It is obvious that in many instances men use their capabilities and freedoms in a manner which seems to contradict his obvious ability to reason. At some time in every area of man's involvement, he uses his freedom to express his reasoning without using any reasoning. Instances such as this can be found everywhere, including a college campus.







70

The college campus is supposedly the place where intellect flourishes and human minds are developed into productive "units". Such endeavors are often put aside, however, when these minds become preoccupied with preserving their own privileges and fail to recognize the boundaries of these privileges.

The results of such incidents reveal themselves in the actions of students who spend their time hurling criticism at those people or institutions whom they feel have aborted their privileges. Such incidents are recognizable in that the arguments are often biased and unresearched. Facts take a back seat to argumentation and often such arguments infringe upon more rights than they preserve. Such criticism without factual reasoning can only produce negative results, and its ultimate end is hypocrisy.

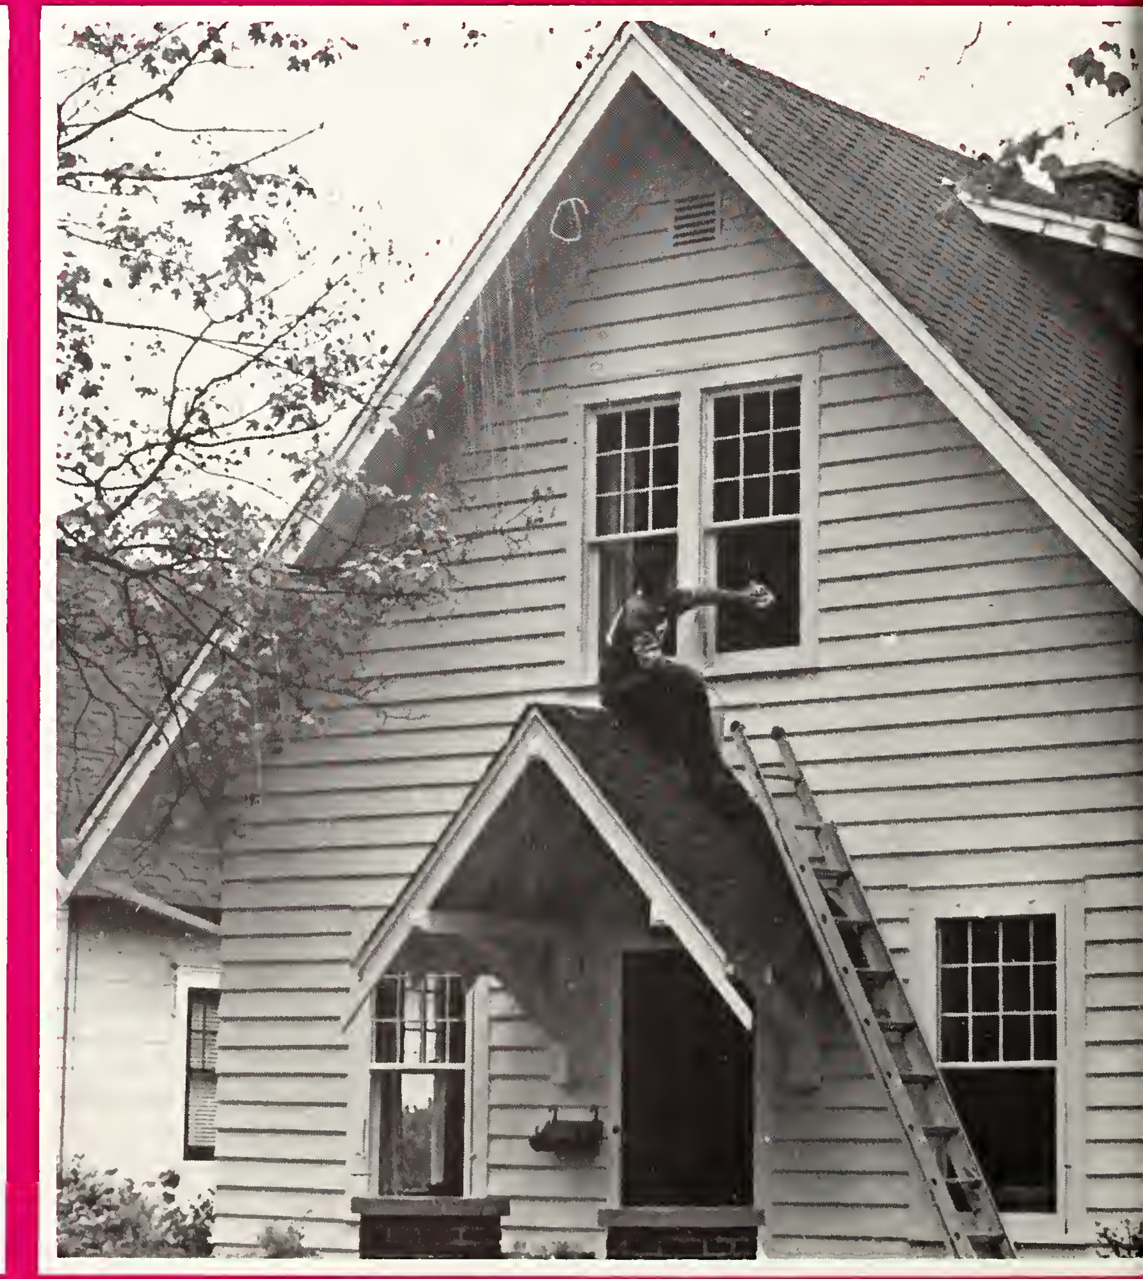
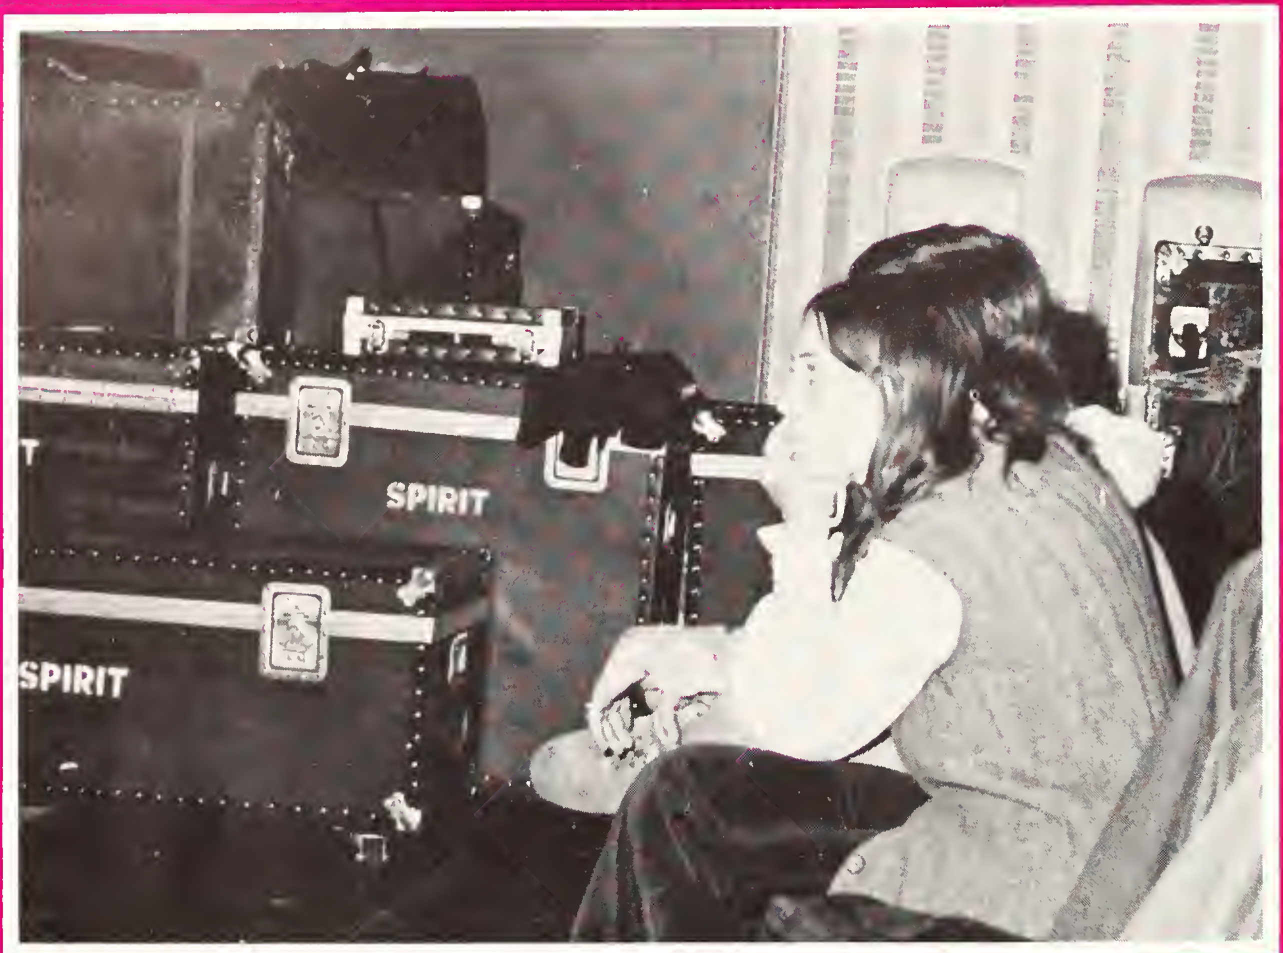
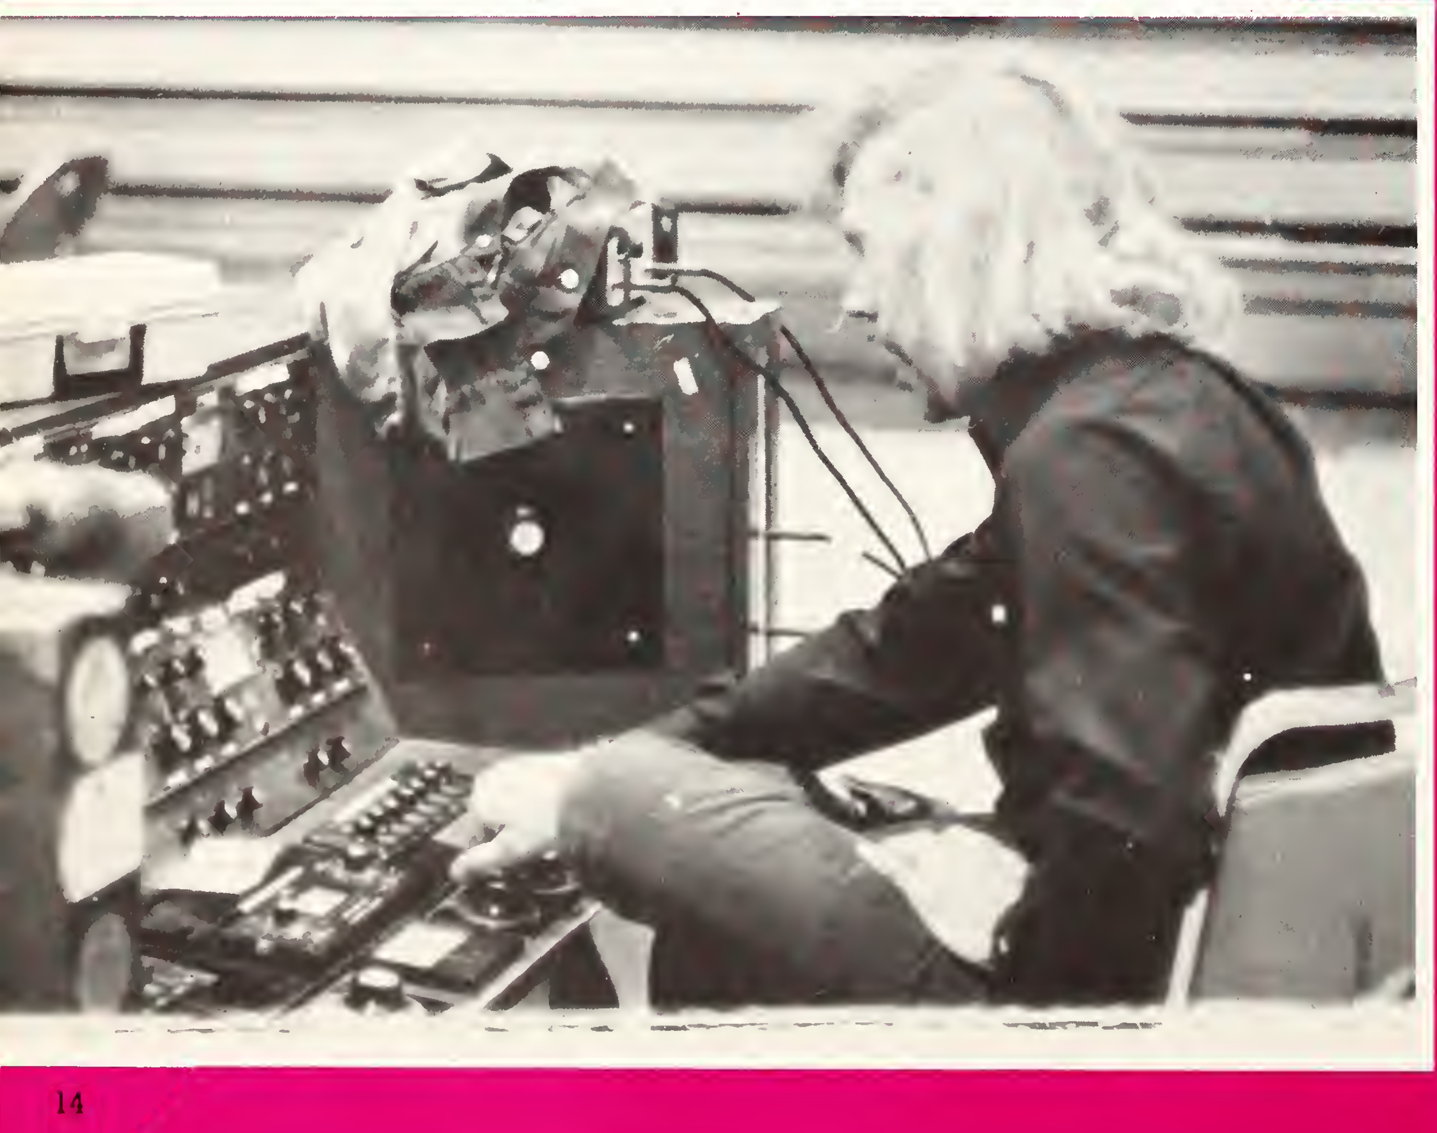
But Some Are Too Busy to Notice the Scenic Beauty



Fall Festival Concert Brings Songs to Our Souls and Love to Our Hearts





In a truly diversified show, "Lightwood" started off the Fall Festival concert with "Teen Angel"; then, Jackie DeShannon followed "Putting a Little Love in Our Hearts." The concert wasn't over yet, as some people had thought, "Spirit" came on the stage with a program of songs from their album- Feedback.

Intermission found a captive audience as Pat Stuenkel was crowned homecoming queen. Pat and her court, Karen Nelson, Candy Koehn, and Patti Jo Ziegel, presided over the parade and the games the next day, which ended an enjoyable weekend for all.

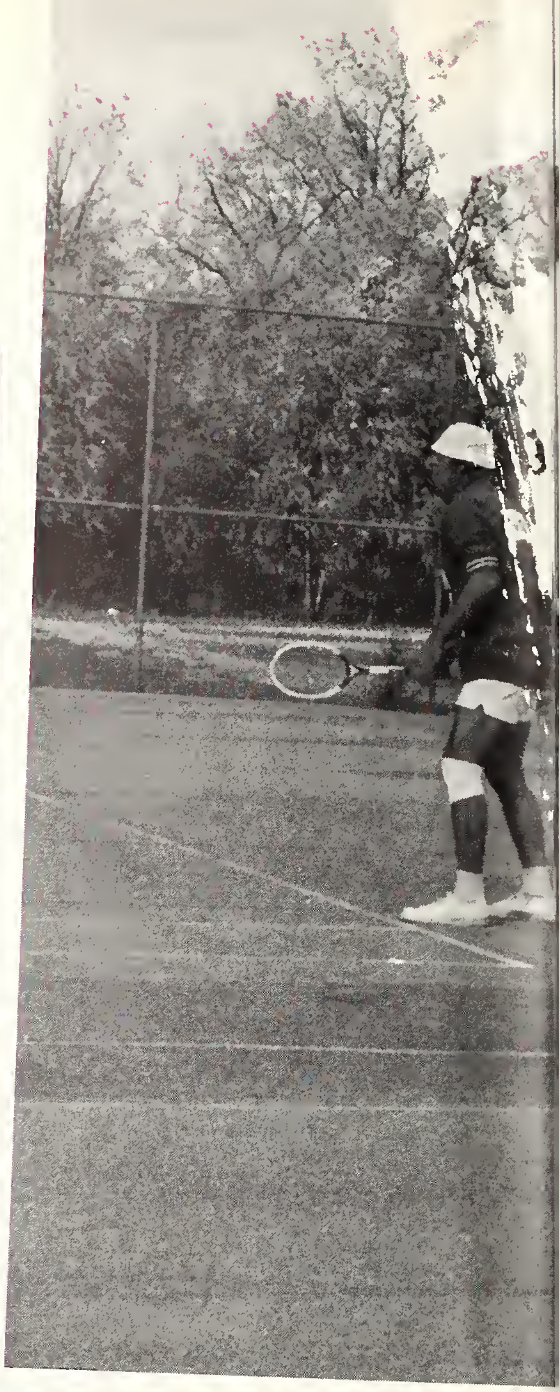
Tri-State Soccer Team Ends Its Season With 4-4-1 Record

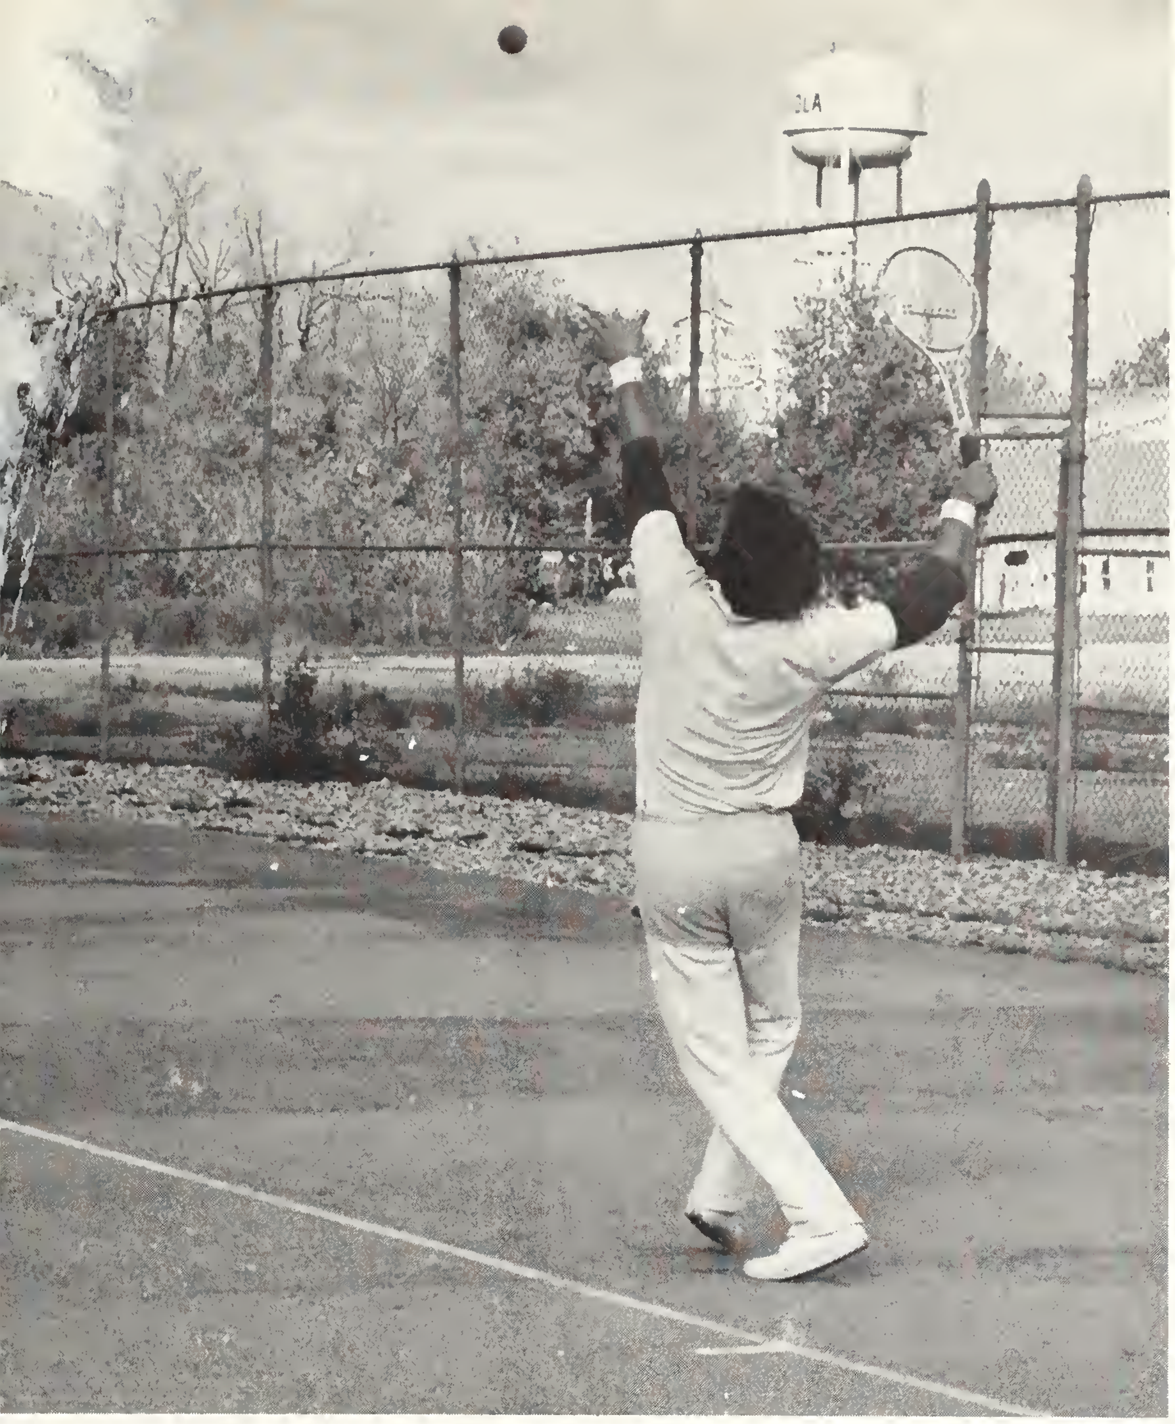
The Tri-State College soccer team, hampered by injuries toward the end of the season, managed only a 4-4-1 record but wrote some solid achievements into the books.

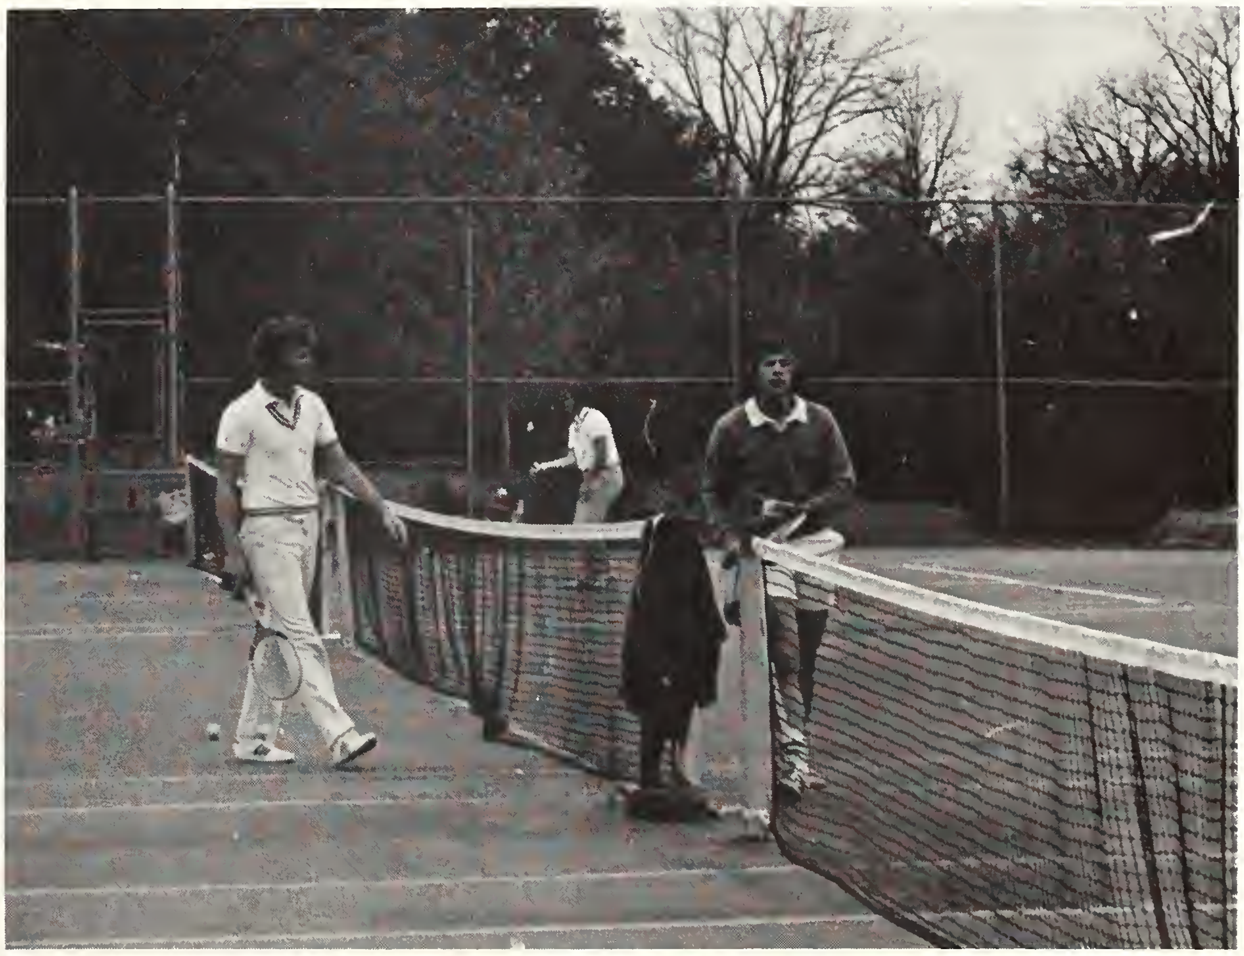
The Trojans were in contention in every game, losing none by more than two goals. They finished third in the Mid-Central Conference standings and qualified for the NAIA playoffs. They had the best defensive record in their history, allowing only 1.8 goals per game, and they outscored their opponents 19-17 and outshot them 187-165.

In tennis this year, the Trojans won eight of nine dual matches and were runners up to their only loss, Goshen, in the Mid-Central Conference Tournament.

Eight men composed the team, which sported two noteworthy freshmen. The team, while not the most successful in college history, certainly showed the most promise.







Tennis Team Takes Second in MCC

Cross Country Team Finishes Strong in 1972

The Tri-State College cross country team closed the 1972 campaign by placing three men on the honor squad in the U.S. Track and Field Federation Regional Meet.

No team scores were compiled, but Tri-State unofficially placed second behind Eastern Michigan, the host team.

The Trojans were coached by Dick Gollnick.

Student Senate Purpose Is Lost as Se

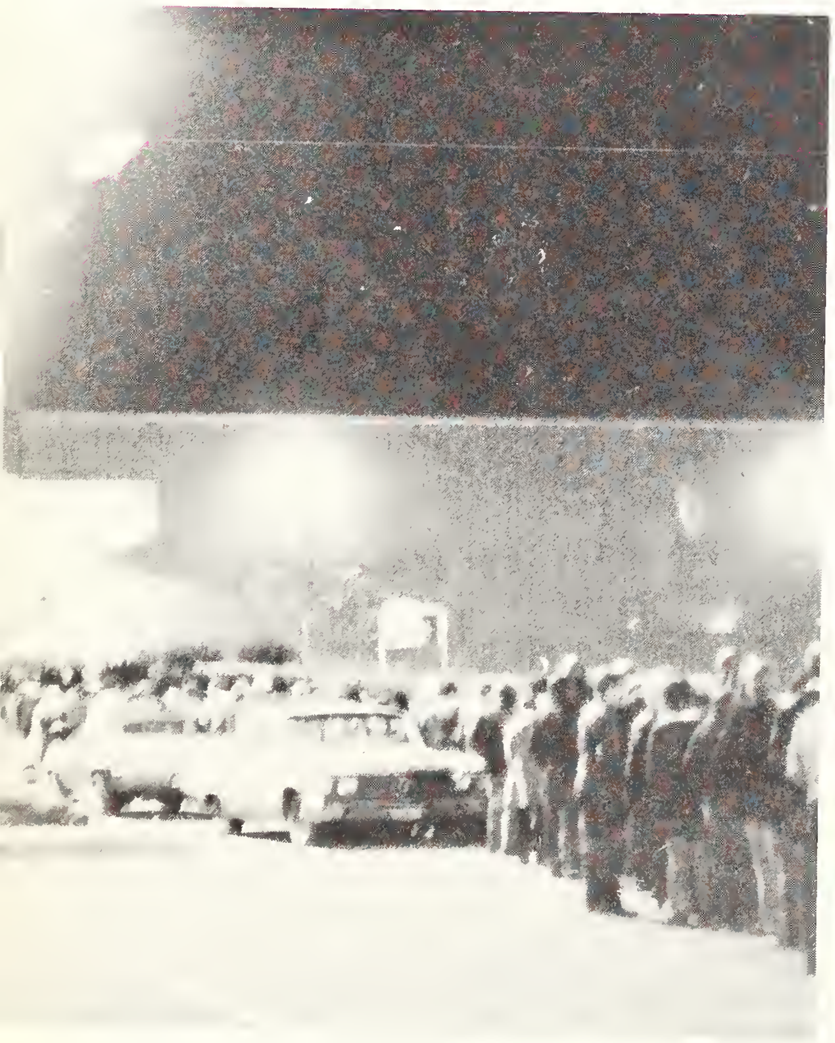
The Student Senate at Tri-State has become an organization whose purpose has been very much maligned in the last year. Instead of serving to better student life, the Senate has become the voice of many unjust criticisms. It seems that the attitude at Tri-State has changed from the apathy which once reigned to one which is even further down the scale. What is most disturbing is the fact that the very groups which are most vocal in criticism are the most silent when volunteers are needed. This article is not meant to criticize the Senate or any of its members, but to make them realize that unless these attitudes change, the Senate will remain off-course of its intended goal.

erest Replaces Cooperation

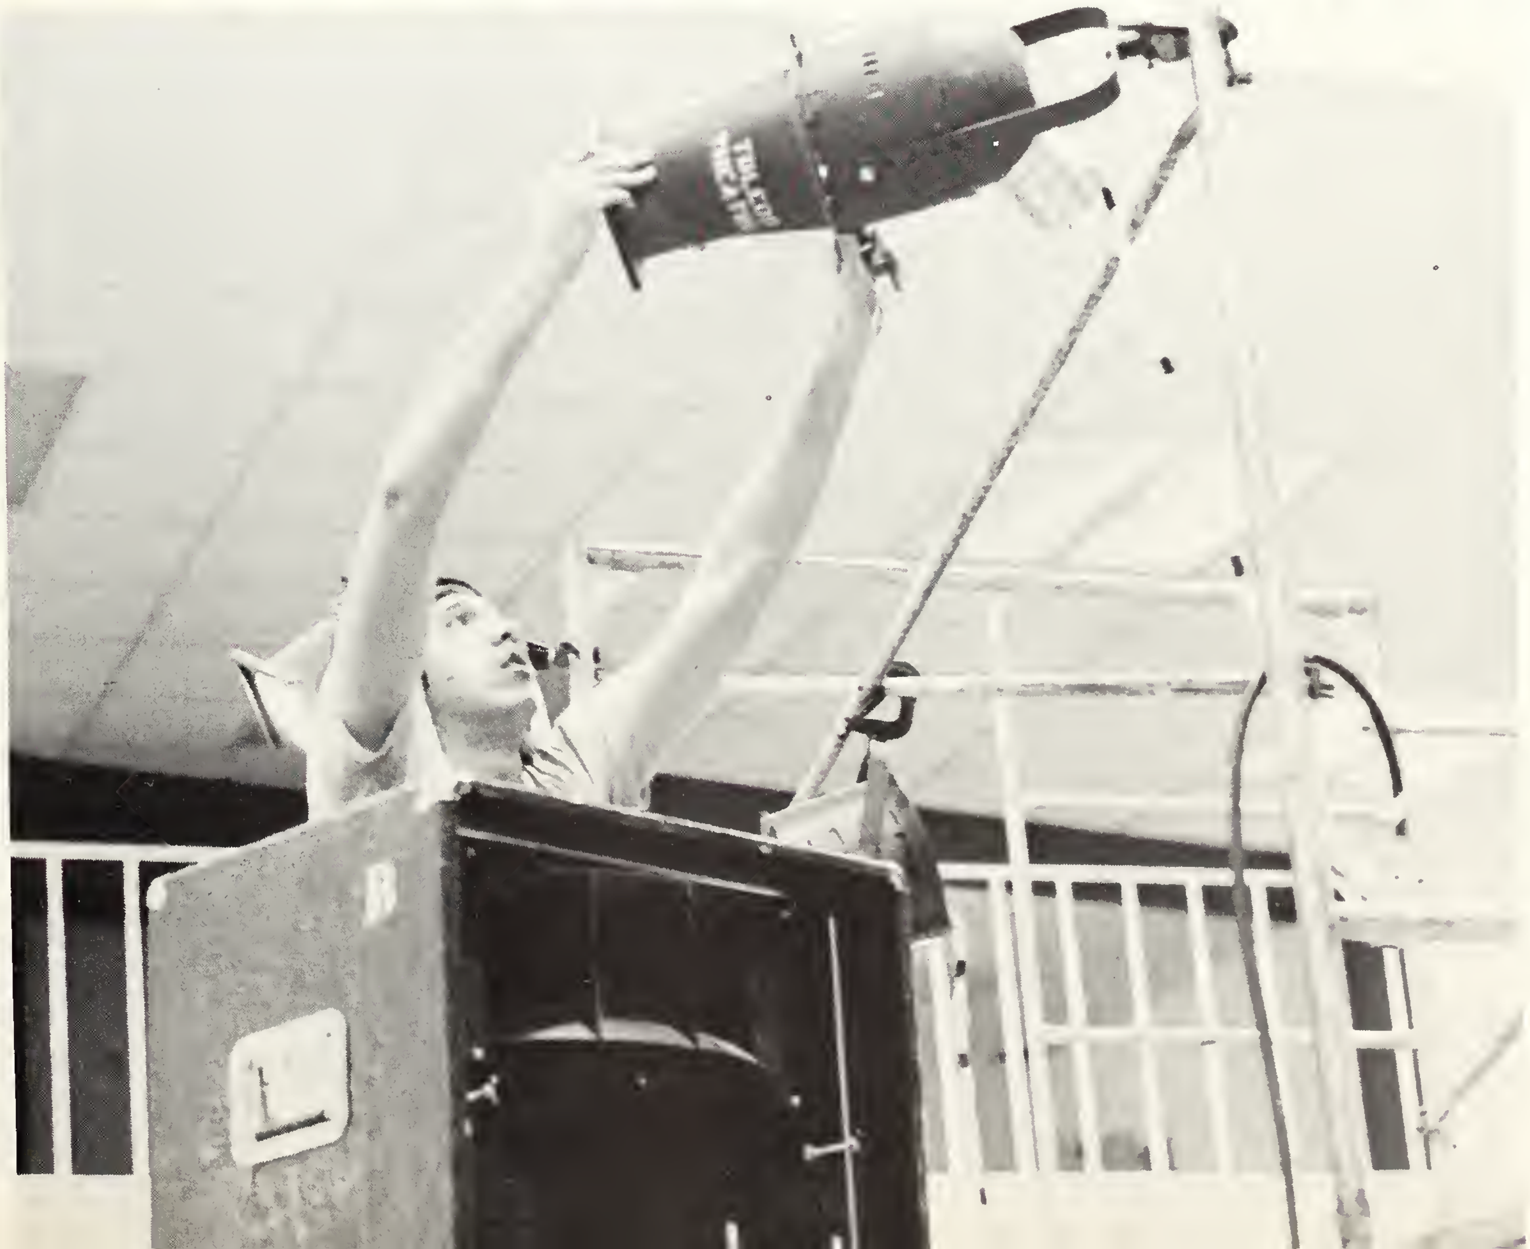
Unit "B" Fire Causes Turmoil on Campus

Many fires were noticed in the dormitory of Unit B during February but the most devastating of all fires was the one on February 15 which forced all students to evacuate the building. The fire completely ruined the lounge and foyer of the building and smoke caused considerable damage to the Kappa Sigma House.

A coed who had noticed the fire while walking by, aroused one of the residents who called the fire department. Firemen from Angola, Pleasant Lake, and Freemont Fire Departments came quickly to the scene, but despite their continuous efforts into the early morning hours, thousands of dollars were lost and many treasures destroyed.

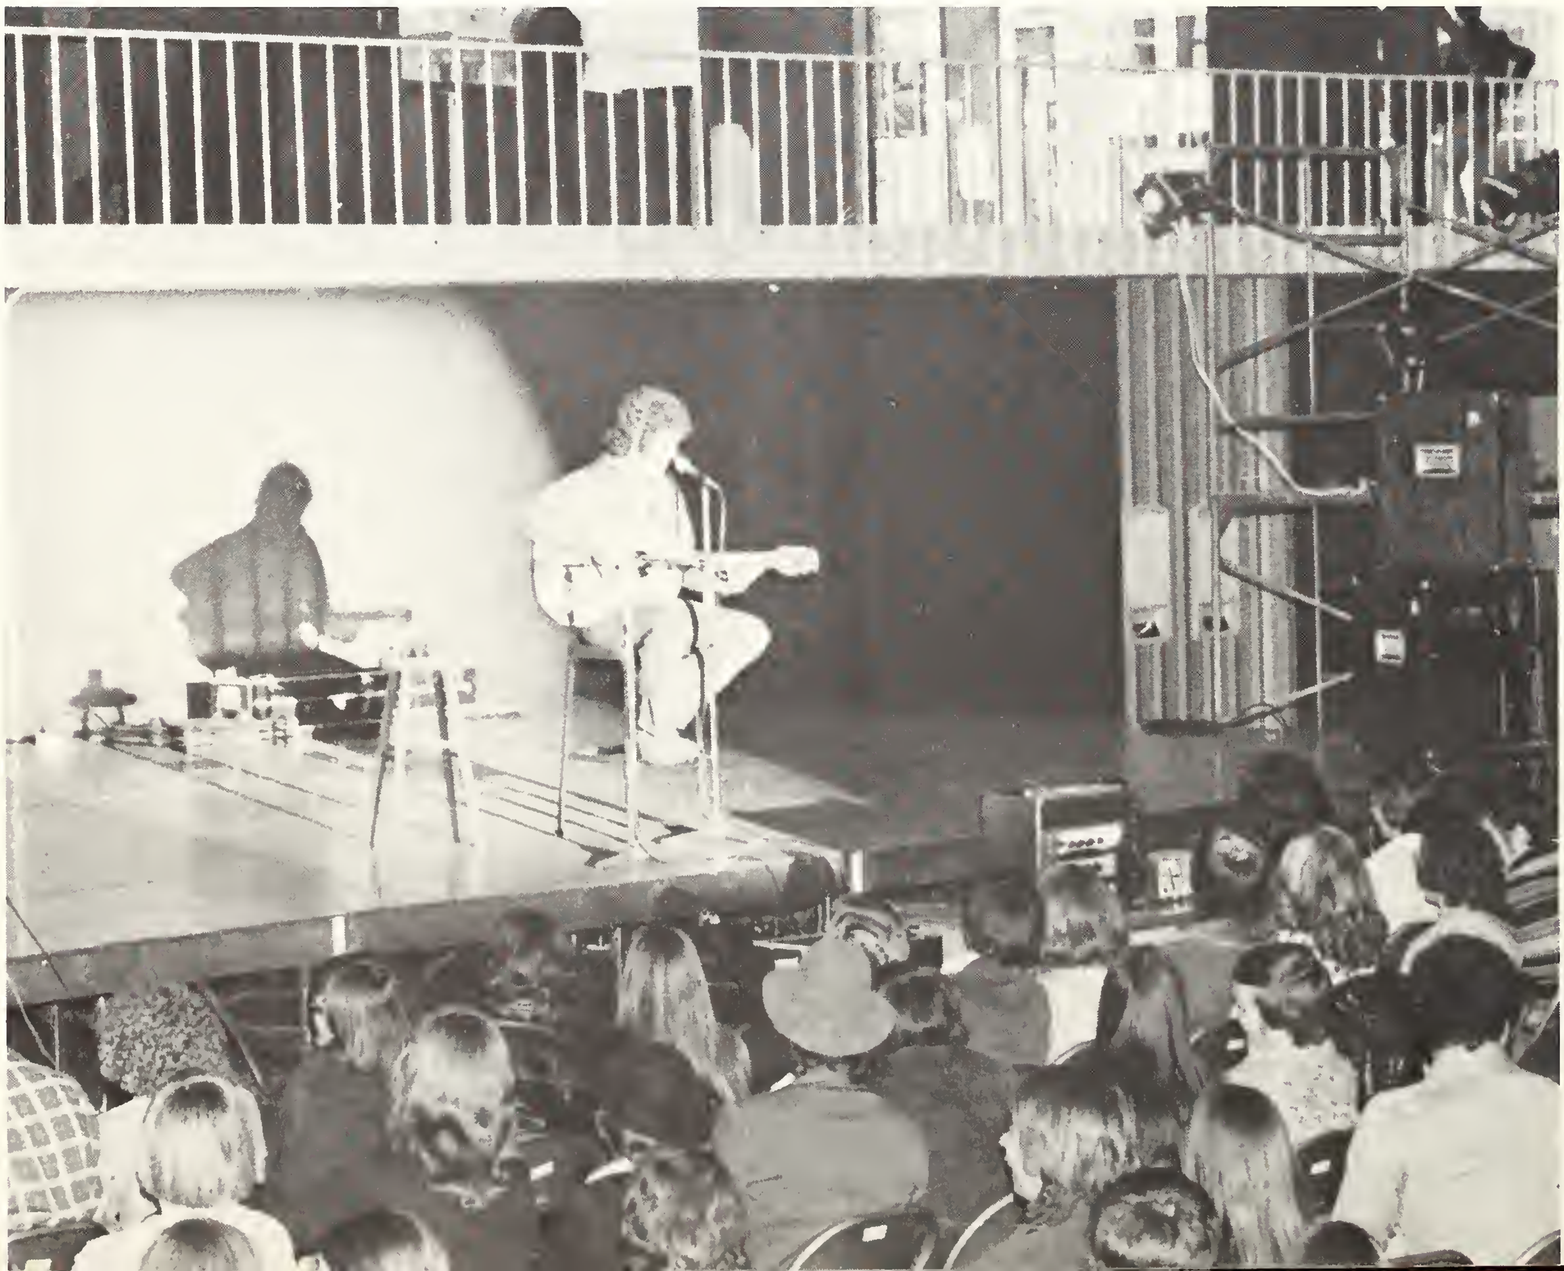


A Successful Concert Requires Time, Effort, and Lots of Cooperation



Mac Davis and George Stevens Surpris

The students of T.S.C. were surprised at the great comeback of comedian George Stevens and song painter, Mac Davis. After cancellations of Cactus, Mama Lion, and Ike and Tina Turner, skepticism prevailed to say the least. But instead of a cancelled concert or a replacement group, Tri-State College enjoyed and greatly applauded what turned out to be the best concert in over two years.



eptical Student Body

During the intermission of the winter carnival concert, the queen and her court were announced. Barb Jenkins was crowned 1973 Winter Carnival Queen and Shelly Diedrich, as first runner-up. To add to the enrichment of the night, Mr. Tri-State for 1973 was also announced. Pete Walters was the winner this year and runners-up were Chris Kolber, Al Banwell, and Terry Montross. This years winter concert was a great success which stimulated the festivities of the weekend.

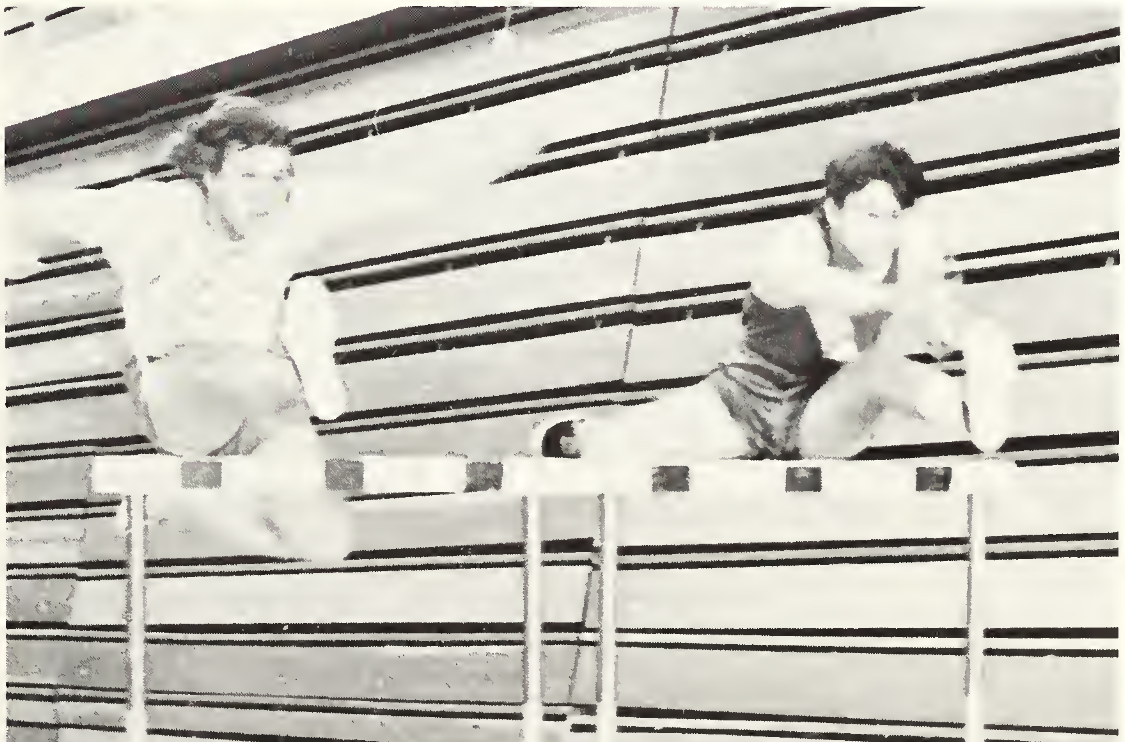
A Talented Trojan Track Team Shows Its Strength in Indoor Meets

T.S.C. Takes Title in Indoor Track



Basketball Team Wins Seventh MCC Titl

Coach Mark Peterman had the Trojans playing "his usual style of basketball." This was witnessed this year as the Trojans wound up their season with a 21-9 record. One of the highlights of the year was the home 96-48 win over Marion College, when Coach Peterman celebrated his 200th victory at Tri-State. The loss to Grace with a 80-73 defeat was the only conference setback that the Trojans suffered as they went on to win their 7th M.C.C. Championship in a row. The M.C.C. Championship was enough to earn the team their sixth District 21 Playoff bid. Playing against Franklin College in the first round in front of a home crowd, the Trojans suffered a defeat by eight points which was a disappointment for all.

A warm congratulations goes to the five graduating players who mean a lot to Tri-State basketball. They include Bob Wright, Roy Charleswood, Bill Coffey, Roger Kindinger, and Terry Padgett. We all think the 1972-73 Trojans were great and Tri-State will reign again . . . Always.

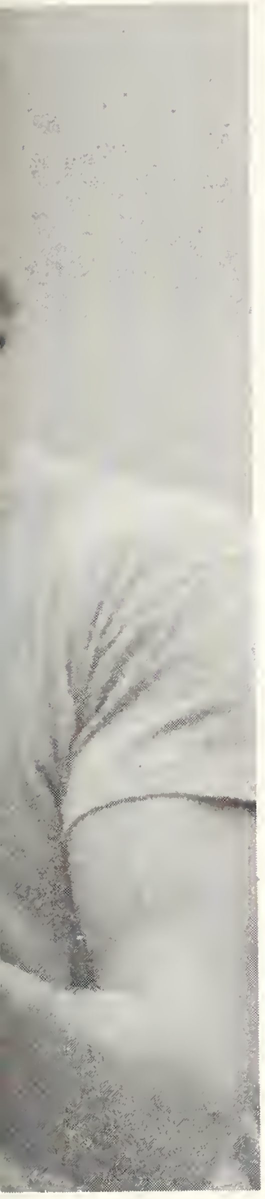
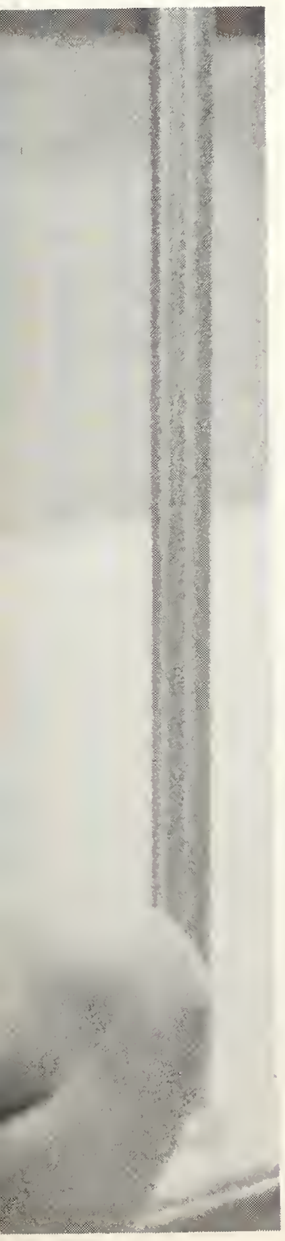
Phys. Ed. Students Reach Out to Others

The Physical Education Department is expanding its schedule to include working with the sheltered workshop kids from Pleasant Lake. Every Friday morning, many of the P.E. majors are helping the kids work in the fields of basketball, paddleball, weightlifting, swimming, and the trampoline. The program, started in the winter quarter, is expanding to include all quarters and also a lecture series is scheduled once a week dealing with the physically handicapped and mentally retarded.





Delta Chi Hosts Gov. Otis Bowen

Dr. Otis Bowen, Governor of Indiana, was a featured speaker at the Delta Chi Regional conference held here at Tri-State, February 2,3, and 4. Dr. Bowen, who is a Delta Chi from Indiana University, presented many issues and ideas of interest. Converging on the campus were over fifty Delta Chi's from the states of Indiana, Illinois, and Wisconsin. It proved to be very successful and educational for all!

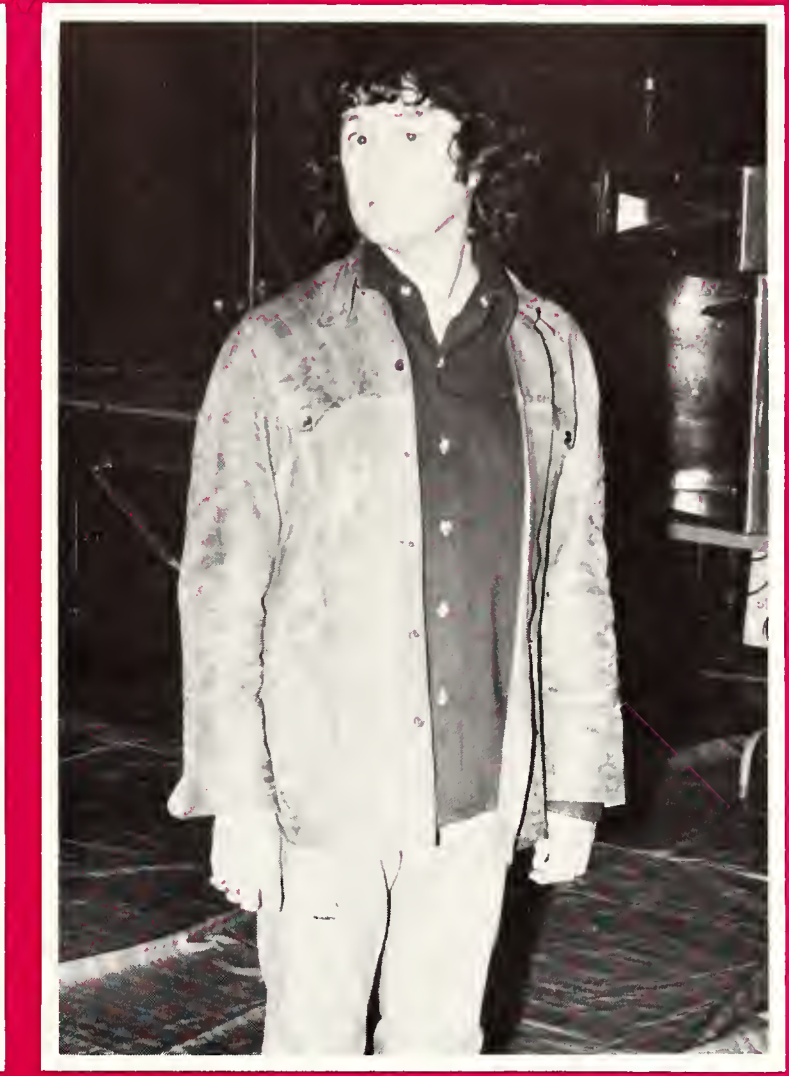
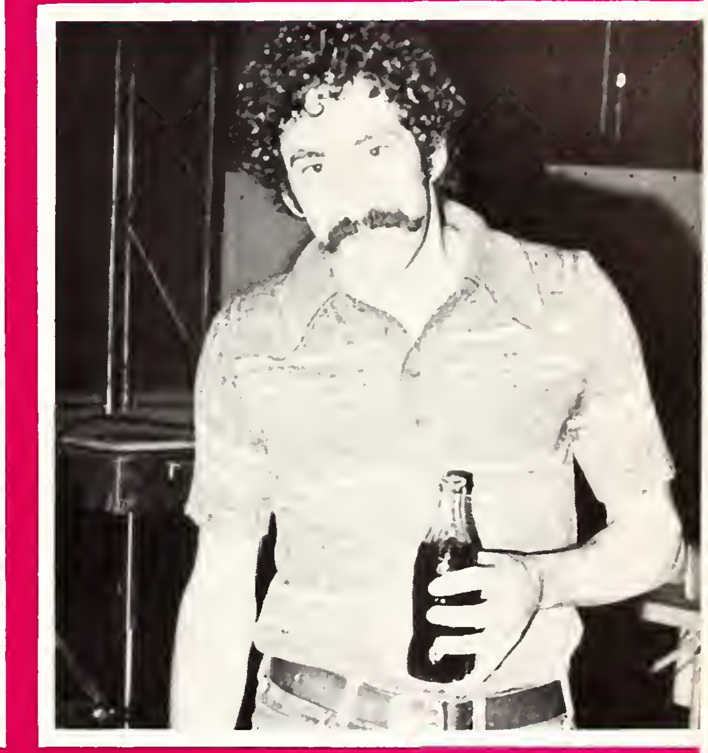
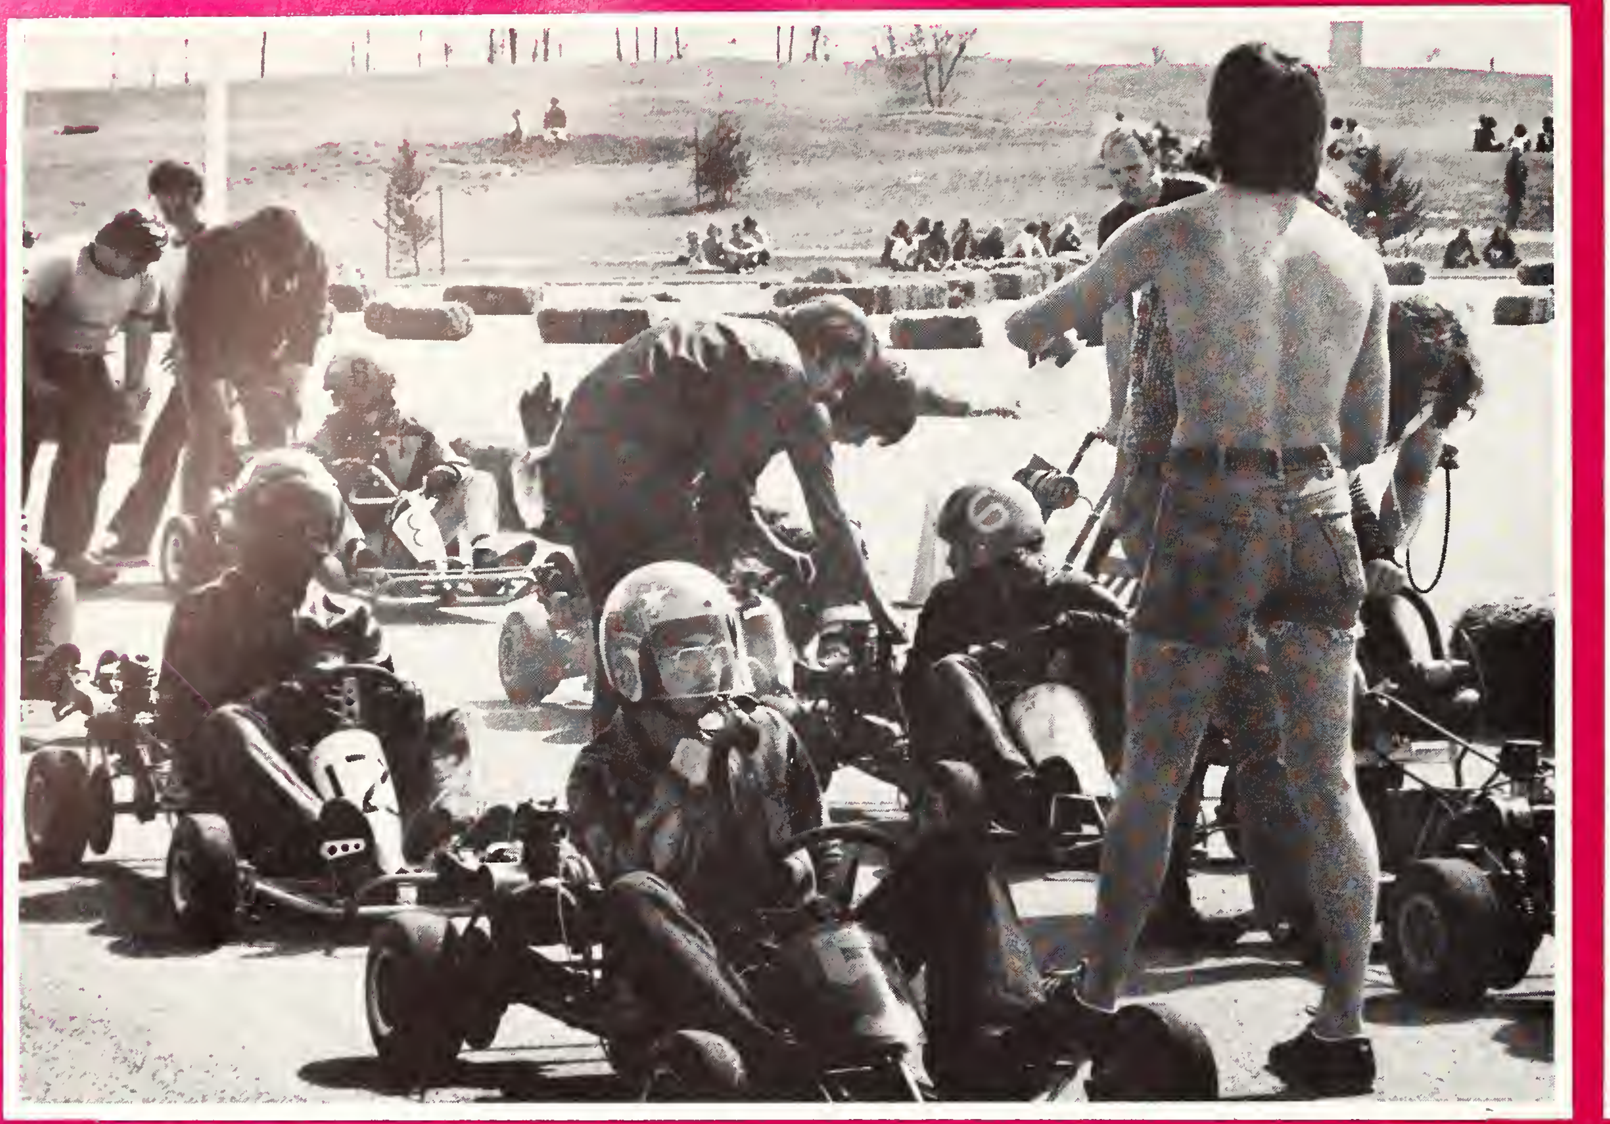
Kathy Harpster Reigns as QueenWh

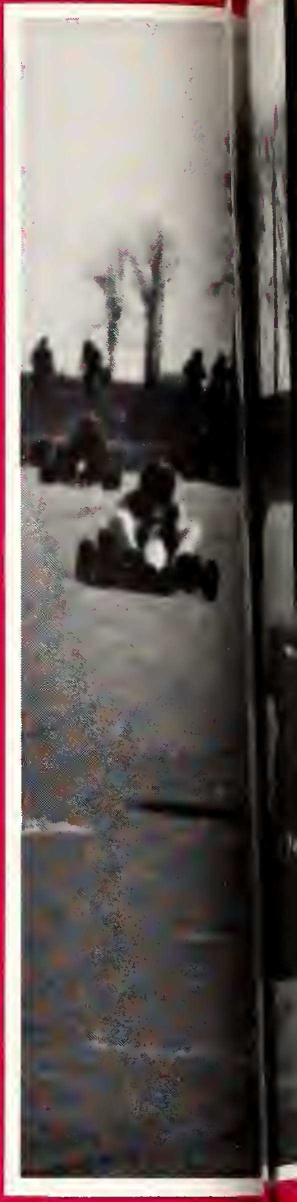
"Spring Fling" of 1973 brought many surprises and excitement. Jim Croce performed on stage for the evening and excited many. Although the concert was a disappointment for some, the main attraction was during intermission when Kathy Harpster was crowned Grand Prix Queen for 1973, her court consisted of Peggy Burlew, Carol Cope, and Julie Gleason. The Grand Prix race on Saturday brought a large crowd and turned out to be a very successful and exciting weekend.

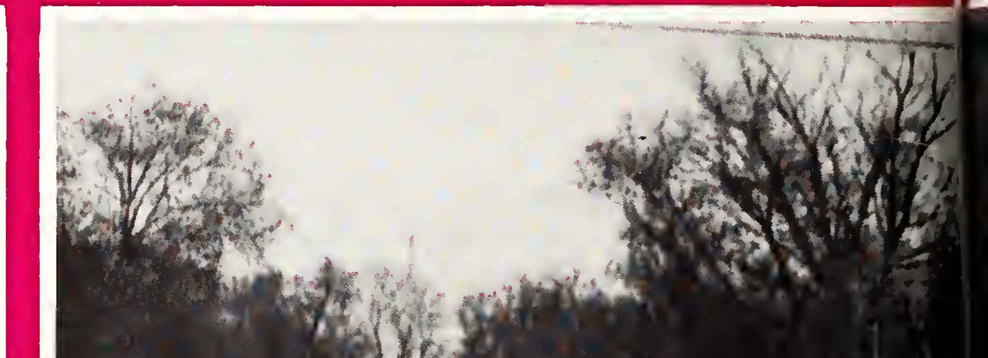
n Croce Entertains Her Subjects









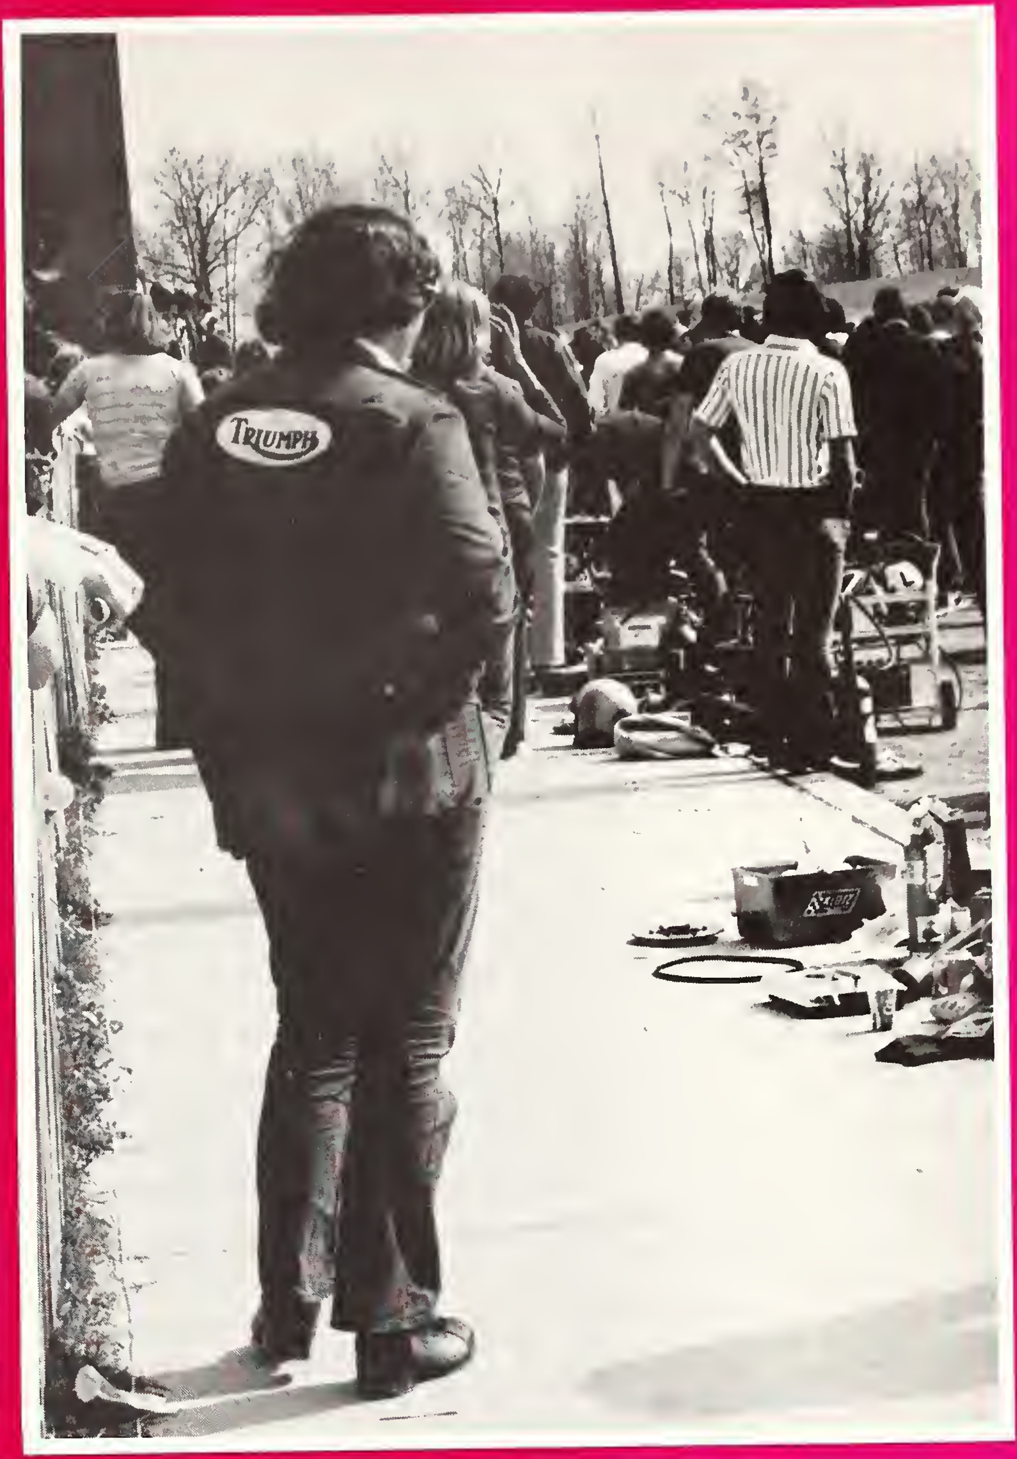


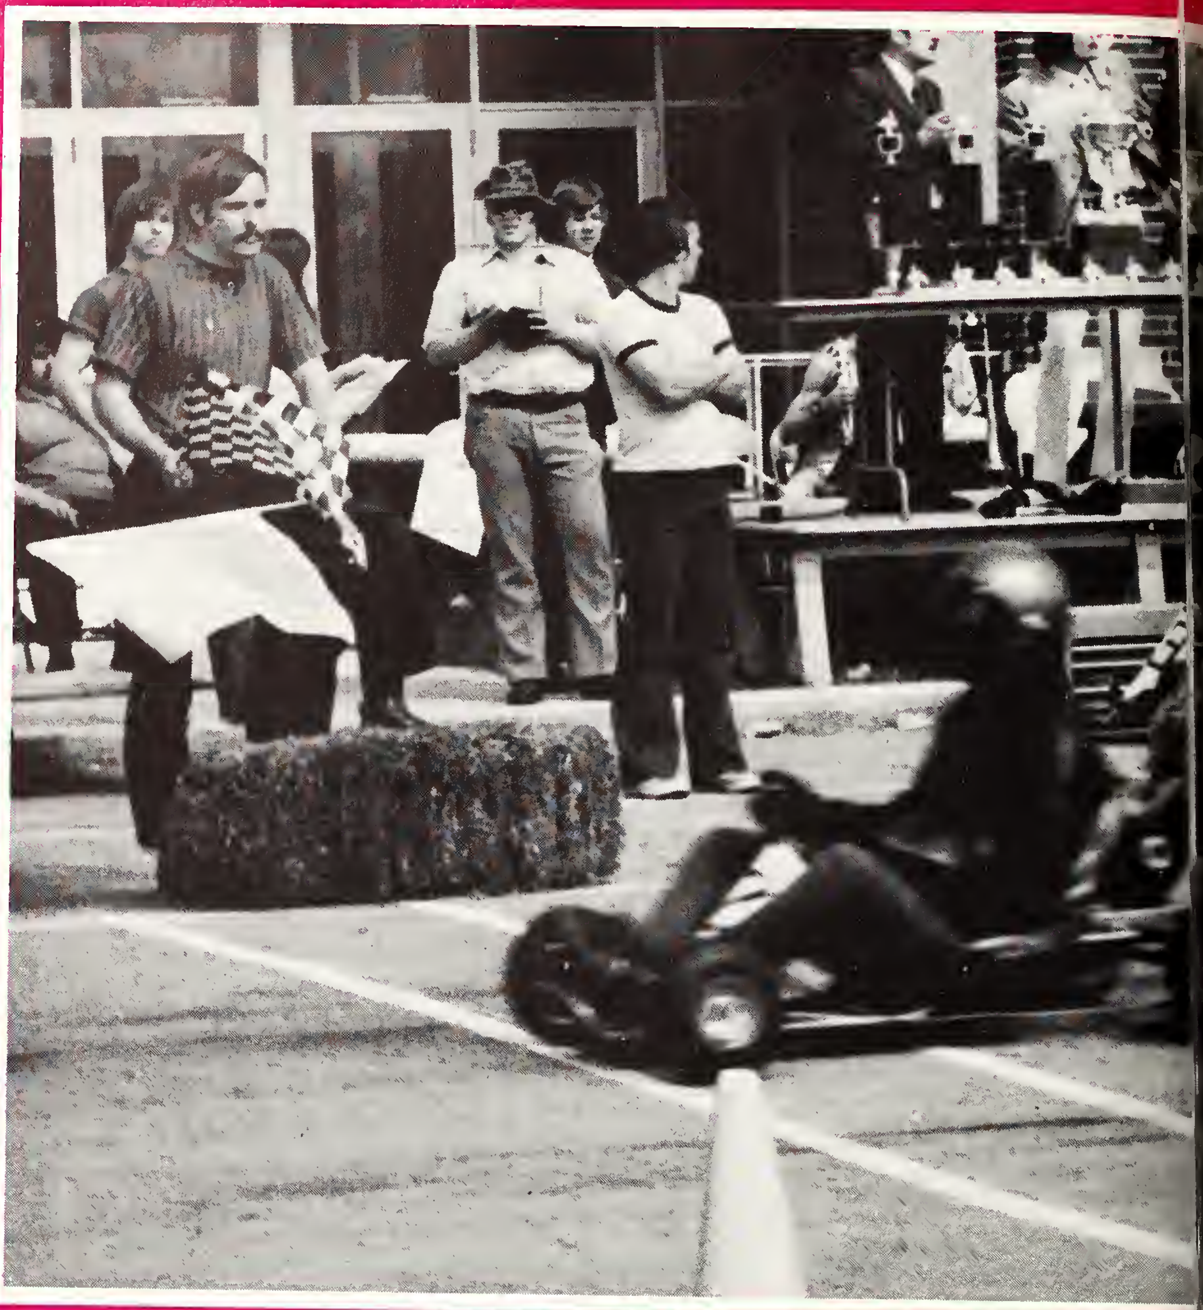
Drivers Line u

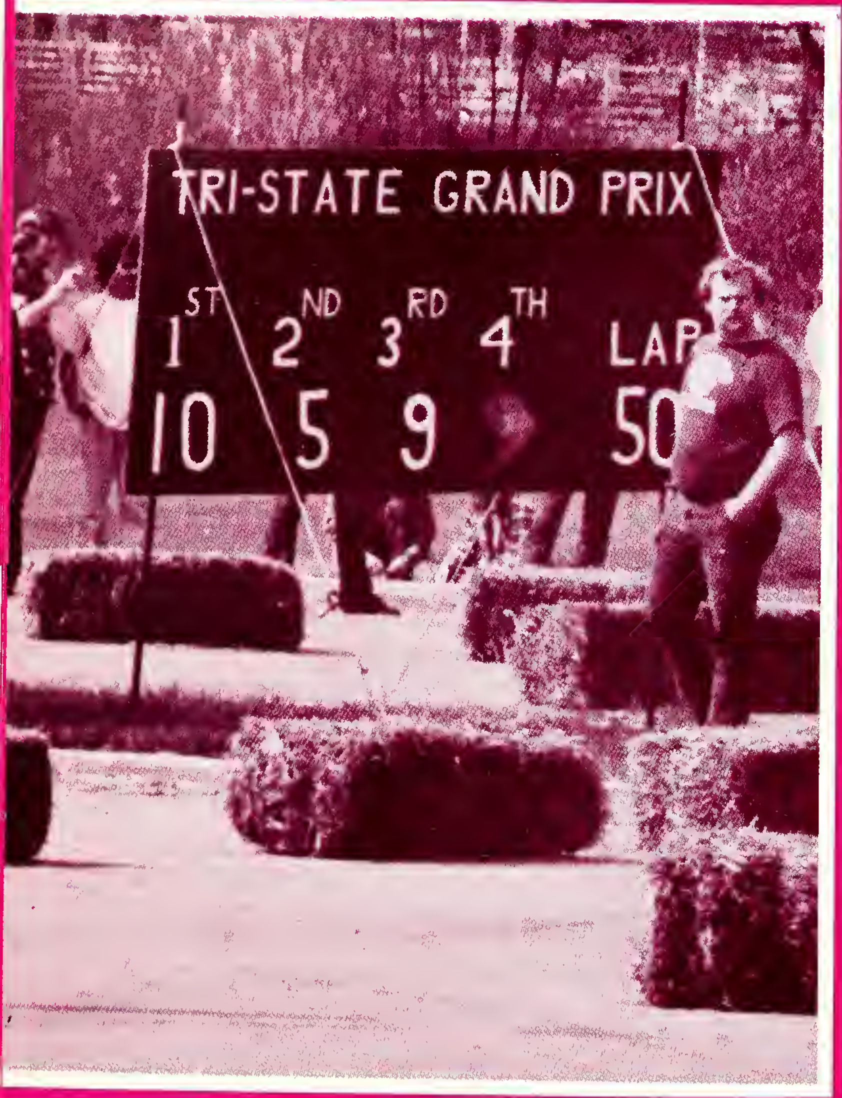
r the Third Annual Grand Prix . . .

While Spectators Watch as the Race G

the Wire

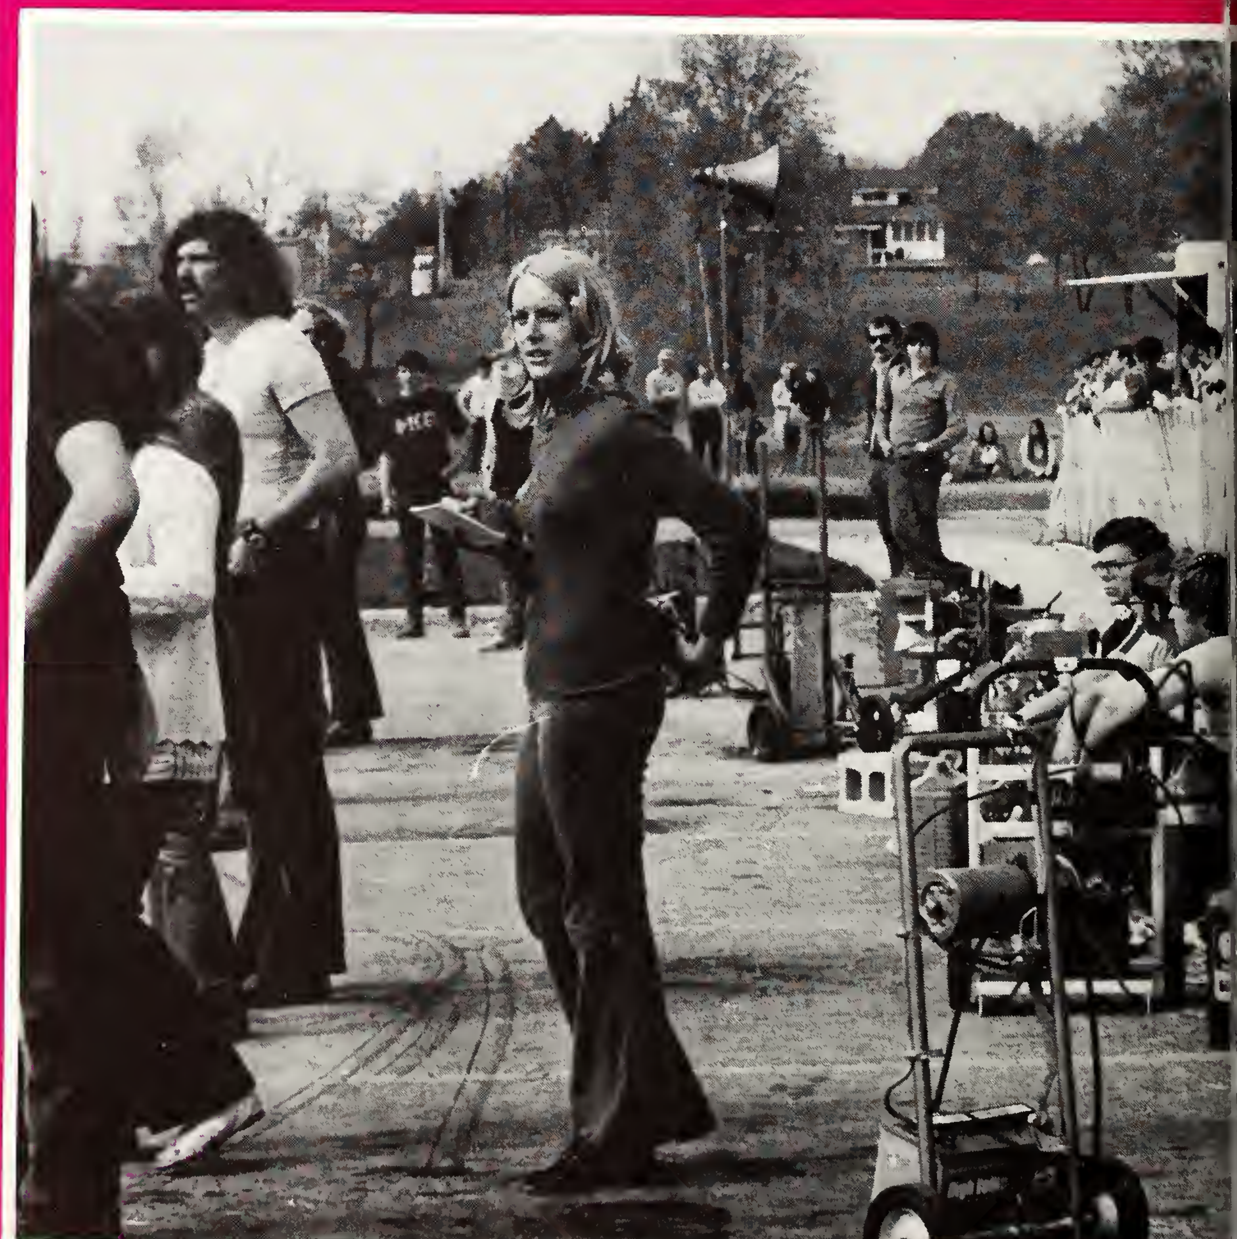






The third annual Grand Prix turned out to be the most exciting yet as alumnus Brian Mead nosed out Ralph Turansky in the last lap to take the victory on points.

After winning the first heat Mead stalled out early in the second segment and it looked like Turansky had the race sewn up. The tables turned in the last lap, however as Turansky stalled just short of the finish line and Mead was able to finish ahead of him to win on place points.



rian Mead Hangs on to Win on Points

Track Team Ta

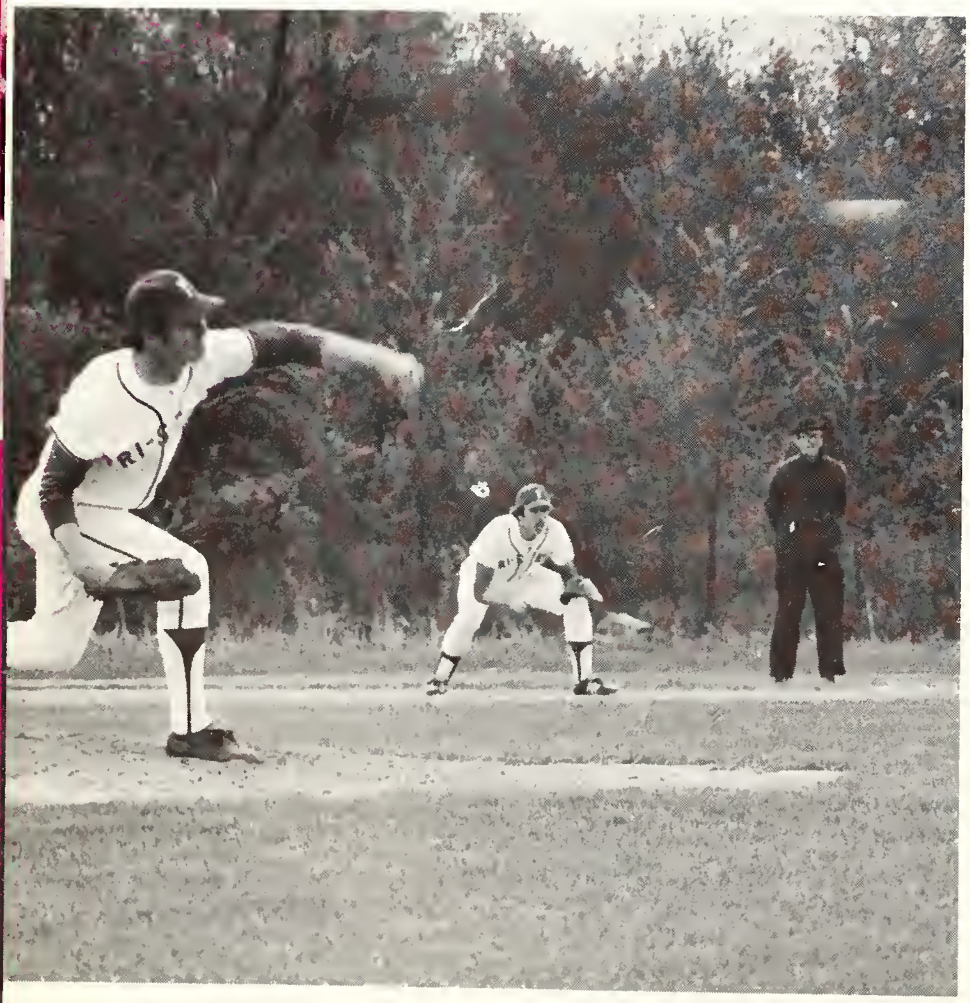
The College Track team had its most successful year to date as they won the Grace Relays, the Mid-Central Conference Championship, and the state's first NAIA Track and Field Championship.

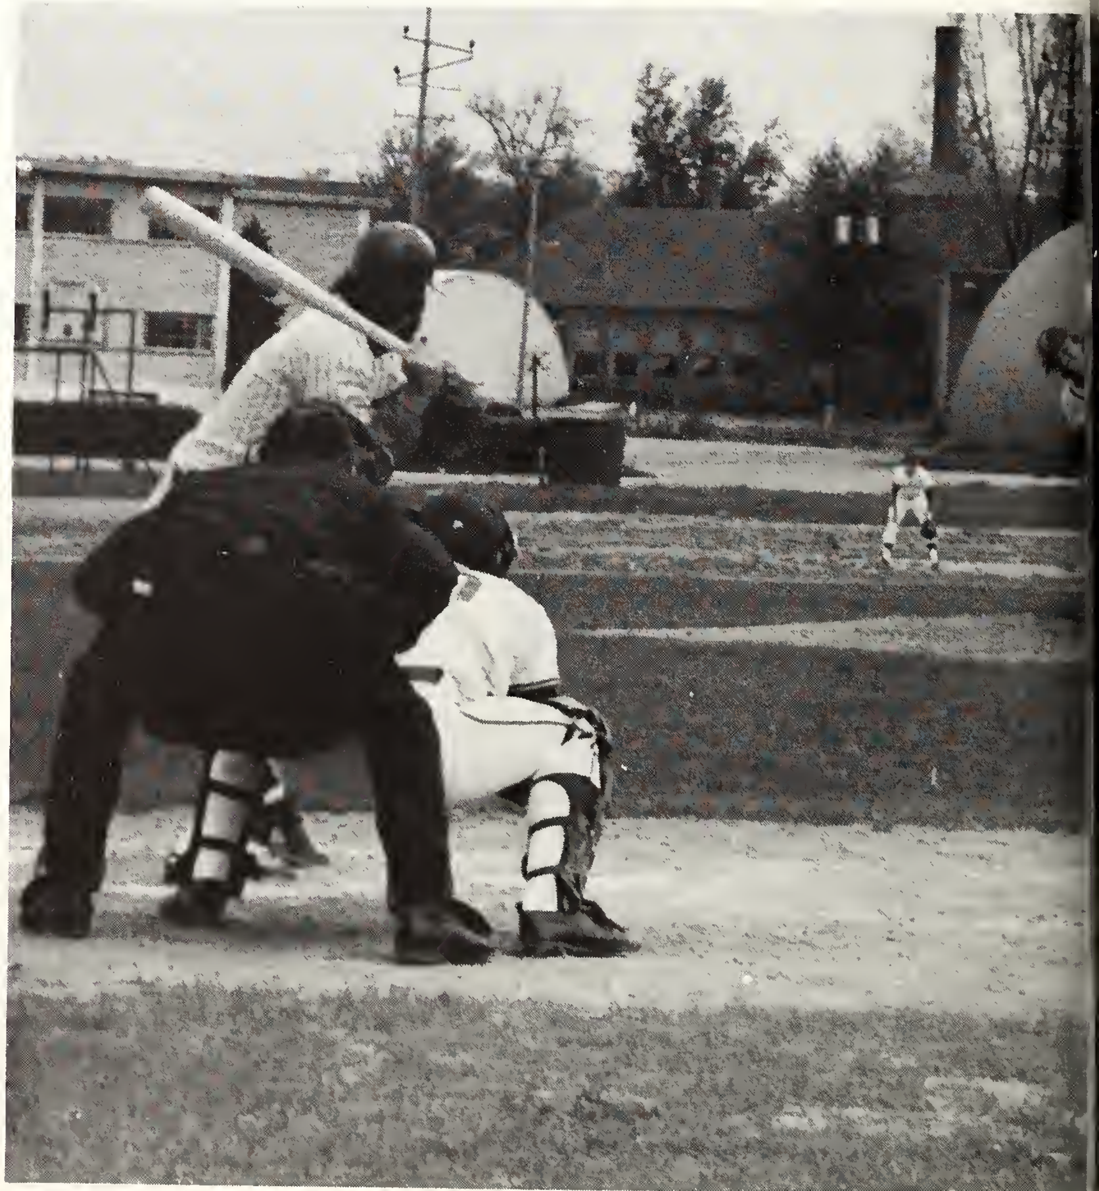
Dick Gollnick's runners and field event men established new records in every event except the long jump, the triple jump, and the 100 yard dash.

The team scored a record 126 points in the Mid-Central Conference Track Meet in winning their second straight title, then played host to Indiana's first NAIA Track and Field Championship, and took the team honors with 76 points to second place Rose Hulman's 42.

st NAIA State Title

Baseb





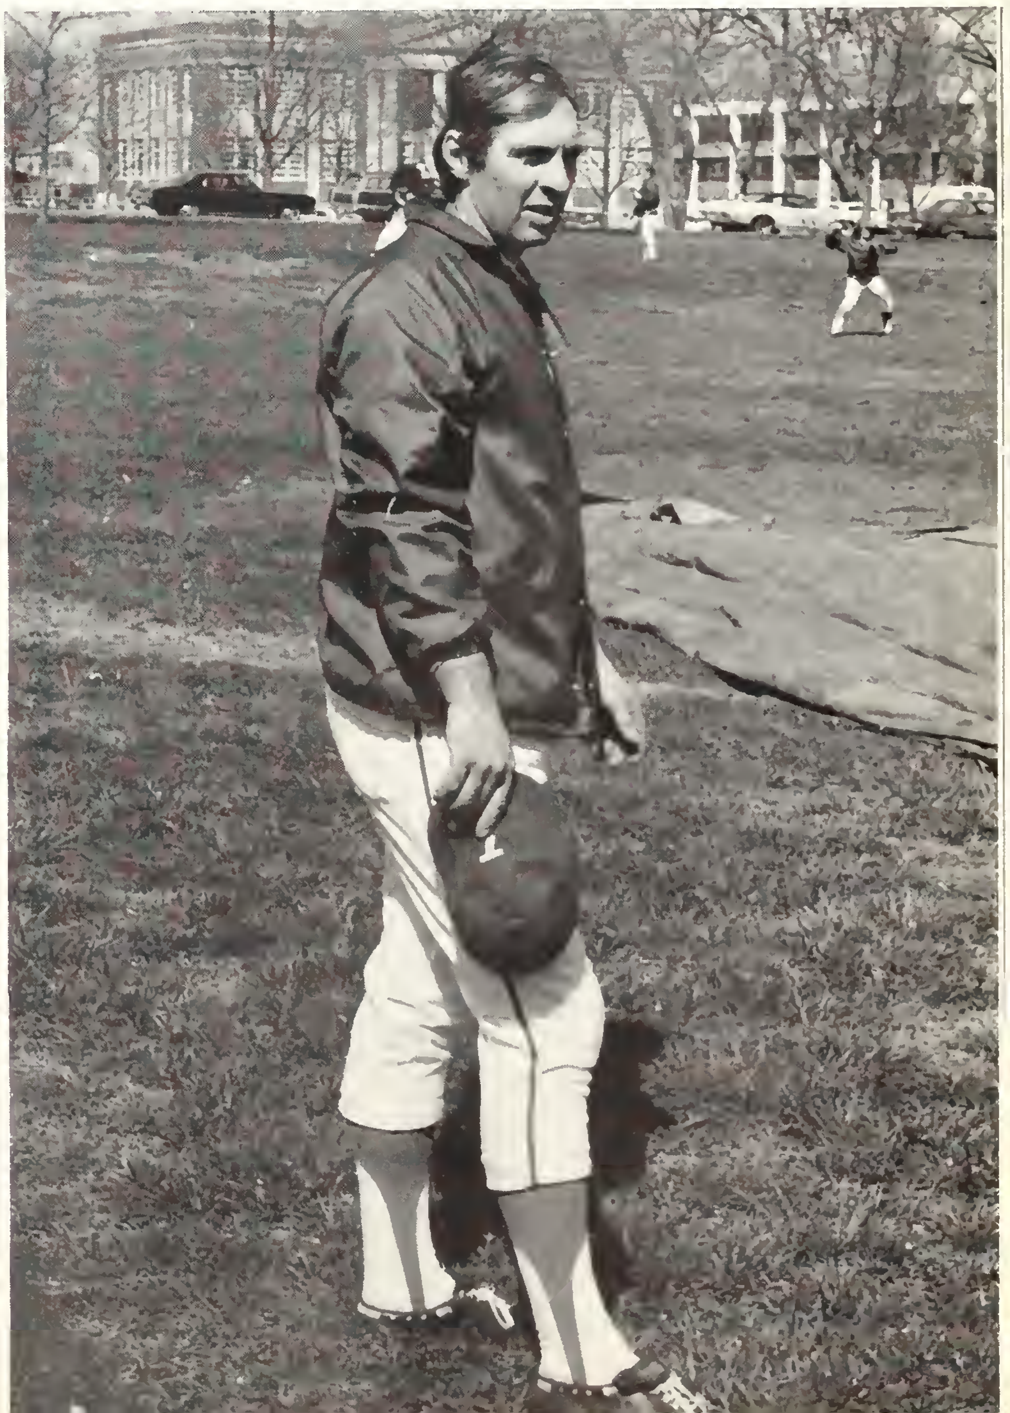
am Finishes 7-3 in MCC

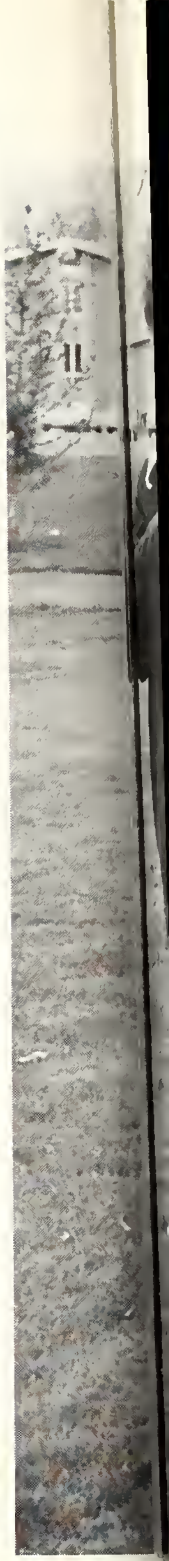
The Trojan baseball team had several firsts tacked to their schedule this season. The team ended the season with two losses in the state's NAIA playoffs in Indianapolis, falling victim to Taylor 4-1 and Anderson 5-4.

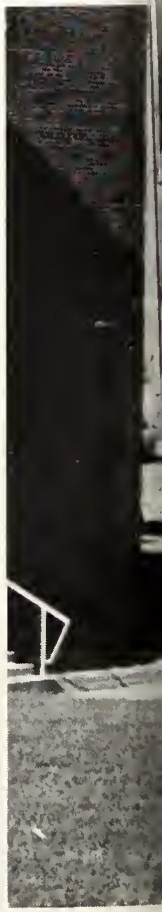
This year's team finished 7-3 in conference play and in second place behind Grace College 8-2. They were the first team to take a spring trip and play in Tennessee, and Kentucky.

Record-wise the team ended the season 14-15-1 and at one point in the season won ten games in a row, a new school winning record.

Ron Wells and Jon Liechty were the new coaches this season and are expected to be back in the helm next spring.







Tri-State's golf team rounded out another great year defeating 76 of 84 opponents this season and winning their fourteenth straight Mid-Central Conference title.

Four members of the team were named to the all-conference golf team. Doug Booth, Angola, won his third medalist honors and was the top choice followed by Pete Kempf, Auburn, Joe Barbetta, Smithown, NY; and Dave Rowe, Angola.

Administrators Work to Build Tri-State

The Administration of Tri-State College has contributed a great deal to the growth and success of the school over the past decade. Through their efforts in running the school and planning for the future, the college has continued to grow and provide students with a quality education.

These people have dedicated themselves to helping students and to making Tri-State one of the finest schools in the country.

Shown on this page are Dr. Richard M. Bateman, President of the college, and Dr. F. J. Bogardus, Vice President.

Pictured on this page are: Above, Dr. William L. Scott, Dean of Students, Dr. Ronald L. Lewis, Acting Director of Admissions, Left, Blaine Shoupe, Purchasing, Bill Sunday, Treasurer, R. H. Martin, and Below, Dr. Scott with his staff.

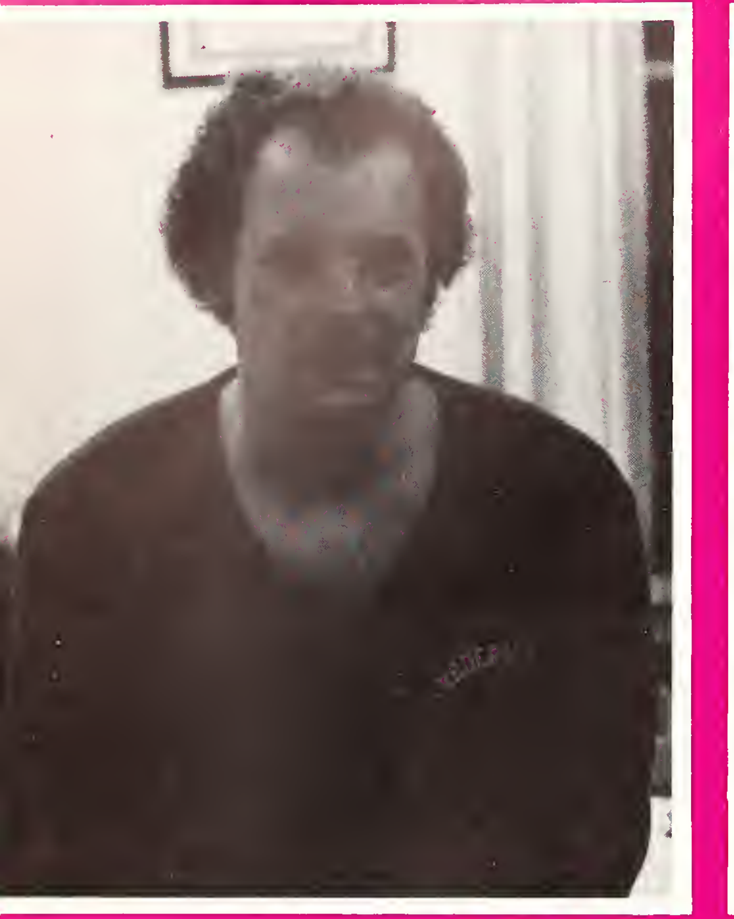
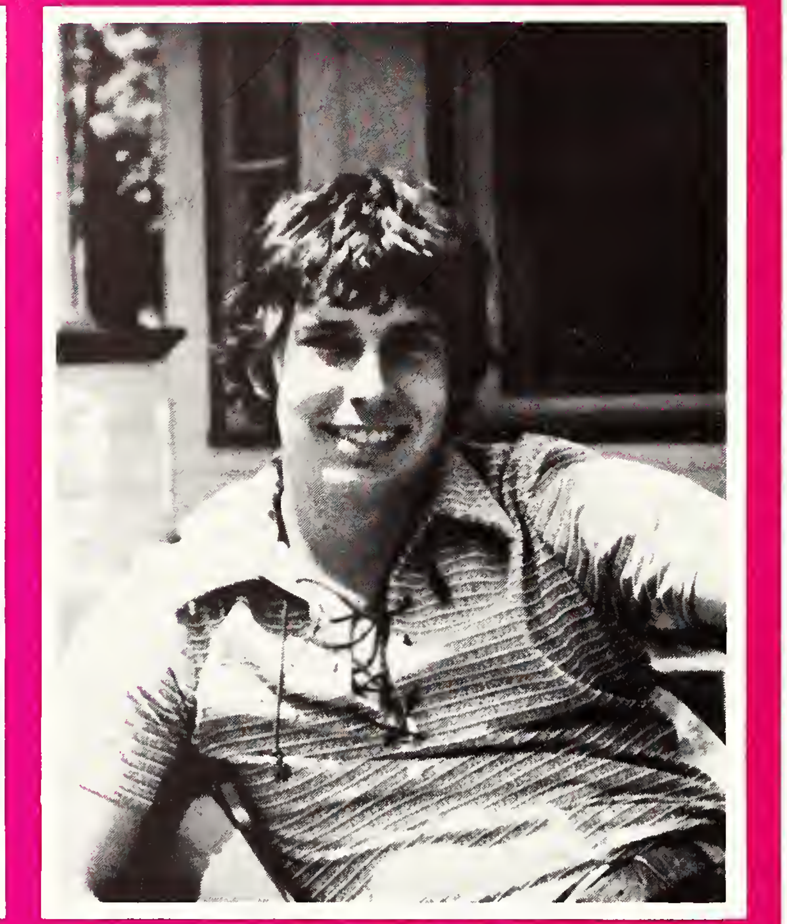
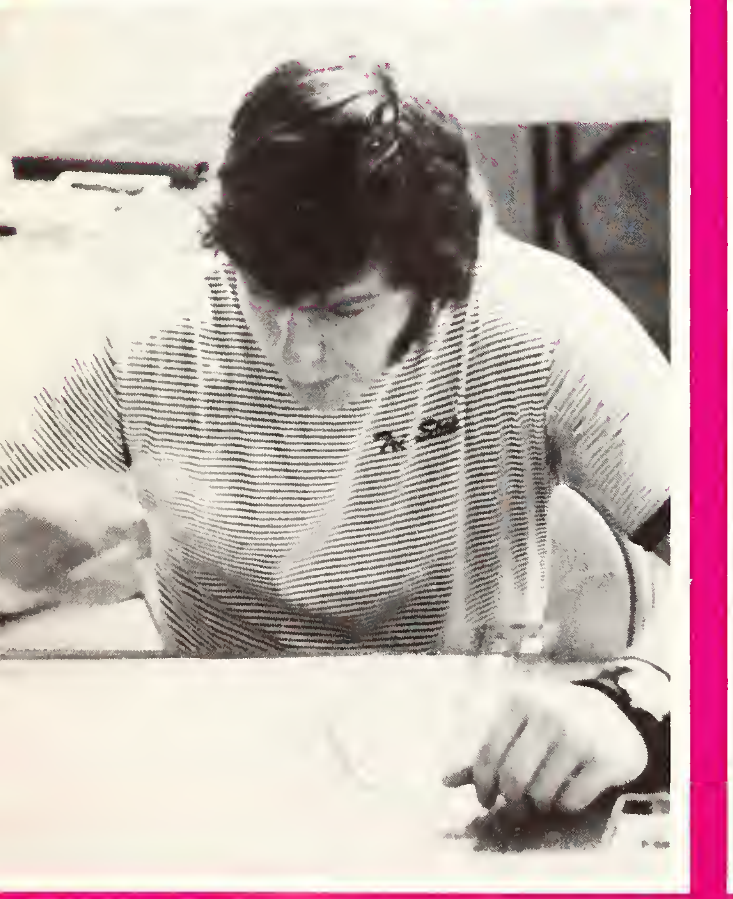
Spring Arrives and Life Moves Outside

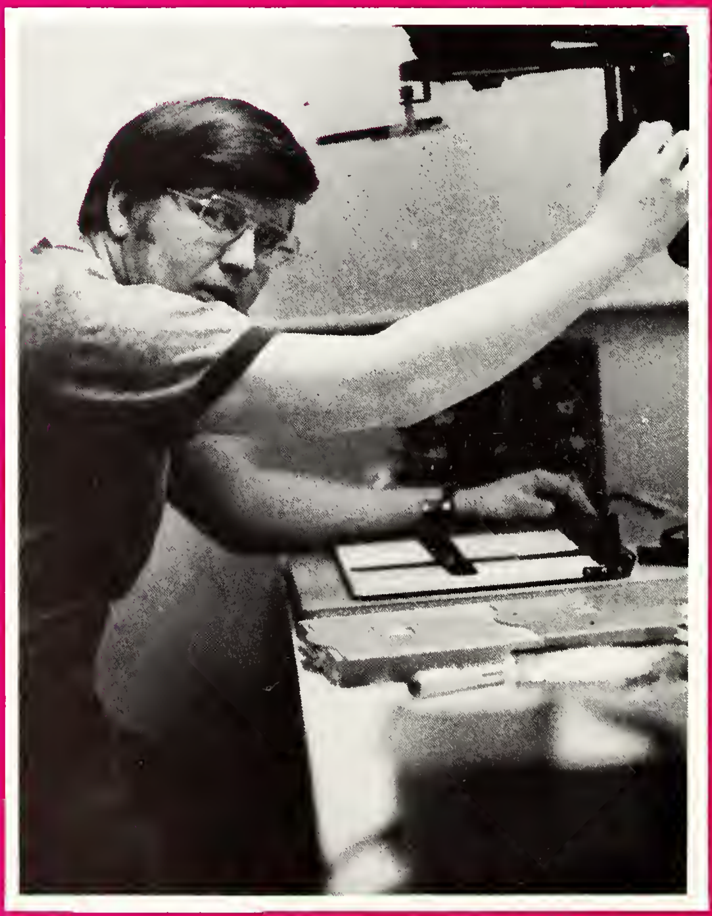
The Life and Times of Tri-State Students

The 1972-73 Modulus staff consisted of a small group of dedicated people who gave up a great deal of their own time to produce this yearbook.









A yearbook requires much time and talent to create, and these people worked hard to put this book together. Each member of the staff was skilled in a specific area of work and worked with others as a team to produce the book.
